AVAILABLE FROM YOUR LOCAL INDEPENDENT OPTICIANS

PERSONALISATION

The final touch is for the person wearing the product. Every pair of glasses can acquire an even greater level of individuality through the personalisation of the temple where it is possible to enscribe ones own name, signature or symbol taking a step beyond uniqueness.

- Please provide your required design or text either via email or include the artwork with the frame when sending it to Olympus Eyewear for customisation.
- Please allow 7-10 days for customisation.
- You can have a name, short message, signature, logo, symbol etc which can be engraved in any colour you wish.
- A different design can be applied to each temple if required. Please specify clearly what is to be engraved on each temple.
- The first 5 cm of the temple are envisioned for customisation, but you can also customise the middle and end part of the temple.
- Only the External part of the temple can be customised.
- Customisation has no cost but a charge of £20 will be incurred to cover tracked delivery to and from the factory in Italy.
- If you have any questions or require any assistance please call the office. One of our experienced sales team will be happy to help.
