

**RANGE CARTS**  
*CUT THROUGH THE CHAOS*

## Extended Magazine Case Instructions

**Step 1** We recommend you locate the Extended Mag Case toward the front of the cart, this will allow for a full range of motion of the seat.

**Step 2** Un-snap the two straps on the back of the holster and thread them from top to bottom through two openings in the Molle field and run the straps through all three slots of the Molle field. Attach the snaps to their respective mating parts.
