

TORCHSTAR

3000K

LED PAR20 Light Bulb

- Beam angle**
40°
- Working temp**
-4°F-104°F
- Waterproof rating**
Damp Location
- Luminous flux**
550lm
- Equivalent wattage**
50W
- Voltage**
120V
- Lifespan**
15,000hrs
- Wattage**
8W
- Dimming range**
10%-100%

6 PACK

- Equivalent to 50W halogen, up to 84% less energy consumption
- 10%-100% smooth dimming, compatible with most dimmers, flicker-free
- Can be used in damp locations
- Estimate up to 13.7 years (3hrs/day) long lifespan, reduce re-lamping frequency
- UL-listed for top quality and safe operation
- Excellent color consistency and high color rendering (CRI)
- Mercury free, safe to dispose and UV radiation free
- Perfect for general room lighting and lights on instantly

CAUTION: Turn off power before changing bulb. Use only on 120 volts 60Hz circuits. Suitable for damp locations. Risk of electric shock – do not use where directly exposed to water. Not for use in total enclosed luminaires. Not suitable for totally enclosed fixtures. Not for use where directly exposed to the weather. May not be compatible with all dimmer switches. Do not use this bulb close to any source of heat. Place the device out of reach from children under 3 years old.

WARRANTY: TORCHSTAR warrants that this product is free from defects in materials and workmanship for a period of 3 year from the day of purchase. If the product has been misused, damaged by accident or in any other way of improper use, this warranty becomes void. For further information, please go to www.torchstar.us
