

### About this item

The rugged **die-casted aluminum** housing possesses corrosion resistance and heat dissipation

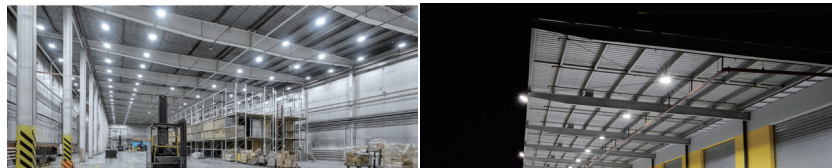

Compatible with **1-10V dimmers**, adjust the brightness to fit any atmosphere

**UL & DLC listed** ensure safe use and high energy efficiency

**50,000hrs long lifespan**, backed by a 5-year warranty

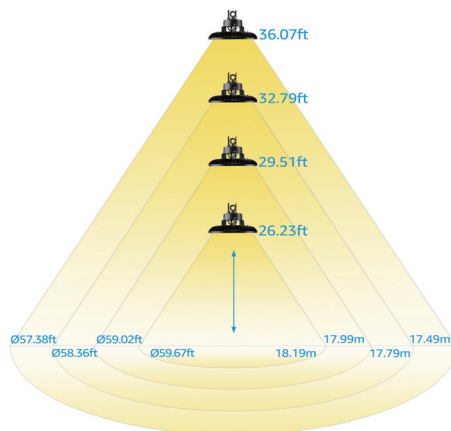

5000K Daylight

Made from **die-casted aluminum** material and **IP65** waterproof rated, this high bay light stays bright even in extreme weather. Sudden voltage increases aren't an issue either thanks to the **4000V** surge protection, keeping you safe from shocks and fires.

**DIE-CASTED ALUMINUM** for better heat dissipation & resisting corrosion.

Certification	UL & DLC
Wattage	240W
Voltage	100-277V
Equivalent	1300W
Material	Die-casted aluminum
Color	5000K
Luminous Flux	33,600lm
Beam Angle	110°
Warranty	5 years
CRI	>80
Lifespan	50,000hrs
Working Temp	-22°F-122°F
