

LED Track Light

10W Track Light Head

Only needing 10W to match the output of a 65W incandescent light, this LED track light can save you up to \$302.50 over its entire lifespan. The 38° beam angle and CRI90+ are perfect for accent lighting and showing an object's natural color. This track light is suitable for household use or highlighting art, pictures, and souvenirs.

50,000hrs Lifespan 100%-10% Dimming Range

About this item

The smooth 10%-100% dimming lets you easily adjust the brightness
Aluminum housing grants excellent heat dissipation and corrosion resistance

The -40°F to 104°F working temperature range makes it great for various applications

ETL & Energy Star listing ensure high quality and high energy efficiency
50,000hrs long lifespan, backed by a 5-year warranty

Technical Information

Certification:	ETL & Energy Star
Wattage:	10W
Voltage:	120V
Material:	Aluminum
CRI:	>90
Equivalent:	65W
Color:	3000K/4000K
Luminous Flux:	700lm
Lifespan:	50,000hrs
Warranty:	5 years
Beam Angle:	38°
Dimming Range:	10%-100%
Working Temp:	-40°F-104°F
