## 03 / DIMMING

This light is NOT compatible with regular dimmer switches. Please download the App and connect the light with the App for full dimming control.

#### 04 / RADIATION EXPOSURE STATEMENT

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 8 inch (20 CM) between the radiator and your body.

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or changes to this equipment. Such modifications or changes could void the user's authority to operate the equipment.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## **ULTRA-THIN SMART LED RECESSED LIGHT**

#### **01/LIMITED WARRANTY**

The manufacture warrants the product to be free from defects in materials and workmanship for five (5) years from the day of purchase when used as directed. Failure to comply with product warning shall void the warranty. This warranty does not cover product subject to accident, neglect, abuse, misuse, or acts of God. If product fails to operale according to the warranty, the manufacturer will replace product with the same or similar product, at no charge. LABOR IS NOT INCLUDED. Product should be returned, together with proof of date of purchase, to the company. This is the exclusive remedy available. Due to liability for incidental or consequential damages, the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from state to state.

For more information about TORCHSTAR warranty, please contact us by:

### 02 / RECYCLING AND ENVIRONMENT PROTECTION

Recycling helps protect the environment.

Recycling reduces the need for extracting (mining, quarrying and logging), refining and processing raw materials all of which create substantial air and water pollution. As recycling saves energy it also reduces greenhouse gas emissions, which helps to tackle climate change.

Make sure you recycle or dispose your device in accordance with your local laws and regulation.

### 03 / OPERATION REQUIRMENTS

Constant power to the product is required at all times.

Ultra-Thin Smart LED Recessed Light installation requires knowledge of luminaires electrical system. If not qualified, do not attempt installation. Contact a qualified electrician. All electrical connections must be in accordance with local and National Electrical Code (N.E.C) standards.

DO NOT make or alter any open holes in an enclosed wiring or electrical components during fixture installation.

To prevent wiring damage or abrasion, DO NOT expose wiring to edges of sheet metal or other sharp objects.

This fixture is not intended for use with emergency exit fixtures or emergency exit lights.

DO NOT USE WITH REGULAR WALL DIMMERS. Product is NOT suitable for use with traditional wall dimmers, dim via app only.

Only install in operating environments between -13°F and 113°F (-25°C and +45°C).

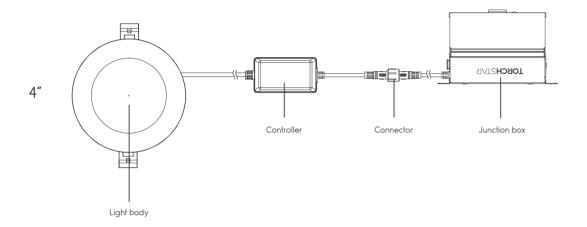

Model Diameter	Line Power Standard	Luminous Flux	Power Consumption	Color Temp/Light Color	Color Rendering Index
