INSTRUCTIONS FOR THE DOCK

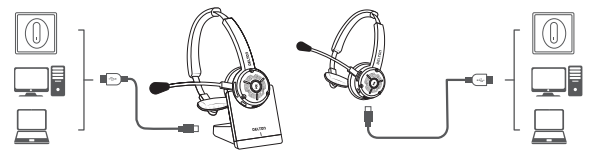

Set up: Plug the included USB cable into any USB outlet, adapter, or even PC/laptop. Plug the USB-C end of the cable into the charging dock.

NOTE: LED indicator is on the dock, not on the headset.

CHARGING

Please charge the DELTON50X when you see the red LED flash. Charging time is about 2 hours. The solid red LED will turn off when the headset is fully charged. Two ways to charge the DELTON50X:

1) Charge On Dock
Use the included USB-C cable and connect the docking station into either a USB outlet/adapter or to a computer. Rest headset on the dock for it to charge.

2) Charge Headset Directly
Use the included USB-C cable and connect it to either a USB outlet/adapter or to a computer. Plug the Type-C end of the cable into the headset.

PRODUCT DESCRIPTION

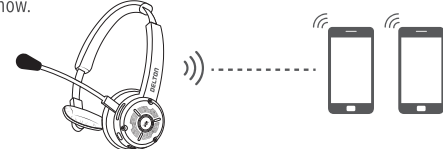

PAIRING TO ONE DEVICE

- While headset is off, press and hold "MFB" for 4-6 seconds to enter pairing mode. The LED will alternate flashing blue and red.
- In your phone's or your PC's BT pairing screen, click DELTON50X to connect to the headset. The LED will slow flash blue when the headset is connected.

PAIRING TO TWO DEVICES

- Follow BT PAIRING INSTRUCTIONS with first phone or PC then turn off BT function of first phone or PC. The headset will enter pairing mode automatically and LED will alternate flashing blue and red.
- Turn on the BT function of second phone or PC to search and connect to DELTON50X. The LED will slow flash blue when the headset is connected.
- Turn on BT function of first phone or PC, click to reconnect "DELTON50X" on BT lists. Headset is connected with two devices now.

* Music can only be played from one device under two connections, when you want to play music from another device, you need to pause or close the music of the previous device.
