FREQUENTLY ASKED QUESTIONS

Can I include a personal message or company card with my order?

Absolutely. Please contact us at cheeseandmeatclub@gmail.com

How do you ship?

We ship nationwide (except for Alaska and Hawaii)! To ensure quality standards, all of our perishables are packed in insulated, heat-resistant packaging with safe, re-usable ice packs. If you should also order dry goods, we neatly pack them around the other materials, enclosed in a sturdy, corrugated box. Note: In fall and winter months, we may not cold-pack our aged/cured cheeses and meats depending on the destination.

Do you have a minimum/maximum order?

No minimum order requirements. Happy to coordinate gifts for 1-3,000+ recipients.

Does a cutting board come with every DIY purchase?

The short answer is No. However, to receive the full cheese and charcuterie experience, we highly recommended adding a cutting board at checkout. They are an excellent quality bamboo cutting board.

How can I track my order?

If you are a registered customer at Cheese and Charcuterie, you will be able to track your order through the tracking information e-mail sent to the email address entered during the checkout process; this e-mail will be sent once the package has shipped
