Machine washable. Tumble Dry Low or Hang dry to extend the life of bibs. Crafted with a soft laminated surface for easy cleaning. This clever full-body bib protects against falling food from head to toe. It fastens at the neck and zips apart at the bottom forming legs where elastic bands secure the bib legs to each of the child's legs. Perfect for meals at home, car seat snacking, stroller riding, daycare, and restaurant meals. It's lightweight, easy to use, and protects all that adorable clothing from spills, splatters, and uh-ohs.

### Problem:

Mealtimes for little ones can be messy and the child's clothes become soiled. The ordinary bib in the market covers only the chest-part of the baby and the lap area is left wide open for spills to stain the child's clothes.

### Solution:

Zippy Bib is designed with legs to solve the problem and make happy moms. This uniquely designed full-body bib with zippered legs protects against falling food from head to toe. It fastens snugly at the neck with a snap closure, and zips apart at the bottom forming legs where elastic bands secure the bib legs to each of the child's legs. Measures approximately 12" across and 25" from the neck down. Durable, waterproof easy-wipe, and machine washable. Crafted to use over and over again with your growing child from 6 to 36 months old.

### Testimonials:

We love **Mom** Testimonials

Mr. Zippy Bibs help make mealtimes better with less mess and less stress, resulting in more quality time with the family around the table instead of cleaning. Mr. Zippy Bibs covers my daughter's full body, so no more taking the time to strip her down to a diaper and put on a silicone bib just to have her rip it off mid meal. The Mr. Zippy Bib is easy on, easy off, easy clean.
