DID YOU KNOW?

Do much more than reheat your leftovers! Microwaves are equipped with a wide range of settings for multifunctional cooking. Did you know you can make all these in the microwave?

Scrambled Eggs   Rice   Pasta   Microwave Mug Cakes   Fish   Baked Potatoes   Soup

One simple appliance handles everything from A-Z! ELBA Built-in Microwave Oven provides compactness, flexibility and convenience, all in one. Reheat food for a quick bite, or make meals in minutes with any one of its many functions and settings. You'll be pleasantly surprised at just how much you can create with your ELBA Built-in Microwave Oven.

Cooker Hood

TFT LCD Display

Cook In Cleanliness
And Comfort

Cooking is a joy, but those lingering odours from cooking can be unpleasant and distracting. ELBA Cooker Hood efficiently removes all odours, steam and grease so you can focus on what matters most—making delicious food in the comfort of home.

EXTRACTION RATES

This refers to the level at which cooker hoods clean cooking grease from the environment. We develop the most efficient cooker hoods to clean grease and fumes. And our ELBA Cooker Hoods can extract up to 1,400m³/hr of air flow.

SENSOR TOUCH PANEL

Elegant design with slide control and smart timer for sensor touch control with Thin-film-transistor Liquid-crystal (TFT LCD) Display.

*Subject to model selected.

ENERGY EFFICIENT LED LIGHT

The space-saving energy efficient light illuminates your cooking area and enhances the elegance of your kitchen decor.

Designer Hood

EH-H9329TFT(BK)

- Suction Power: 1,400m³/hr
- 5-speed Sensor Touch Control Panel with TFT LCD Display
- Stainless Steel Grease Filters
- With Charcoal Filter
- With Elongated Oil Cup
- With Hydraulic Hinge Opening
- Premium Stainless Steel Chassis
- Automatic Timer Control
- Time Delay Function
- Fully Sealed Motor

Product Dimension (mm):
900 (W) x 890–1,290 (H) x 408 (D)

Recirculating System
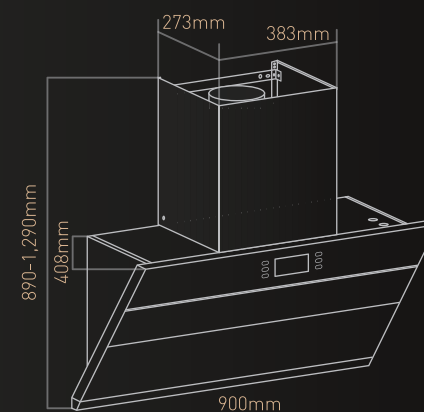

38°

ELBA slanted type cooker hoods are side suction hoods combined with powerful function and elegant appearance. Polyline with 38 degrees angle design effectively increases the smoking area. Meanwhile, it also adjusts the smoking location closer to cooking area and creates a gold smoke.

Boost Function
After the enhanced mode for 150 seconds, hood can automatically go back to the normal mode. This intelligence program makes one of the best performances to eleminate grease.

Extraction Rates
The level at which the cooker hoods cleans cooking grease from the environment. We develope the most efficiency cooker hoods to clean the grease and fumes. And our Cooker Hoods can extract the air up to 1,400m³/hr air flow.

730mm
490mm

Flexi Slide
Slide your pan freely, to any position of your liking with the activation of Flexi Slide function. The auto sensing feature will recognize how large your cookware is and the selected zone will be automatically activated for convenience.

Combi Mode
The convenience of separating your cooking zones, made possible with Combi Mode. Adjust the cooking zone accordingly to your needs and liking. Activate the selected zone to cook and manage two dishes at the same time or choose to only cook one dish.

40cm

Power Bridge
Whip up your favourite dishes with the integrated Power Bridge function. The connection between two separate cooking zones can be done to form one large cooking zone. The perfectly even heat distribution on the entire base of the pan makes it great for grilling and cooking fish with a bigger pan.
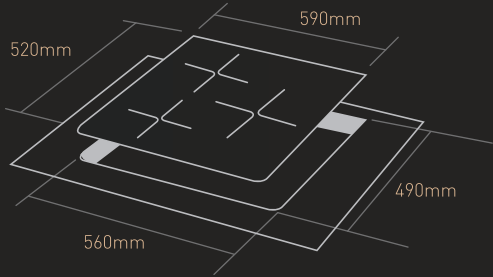

Built-In Induction Cooker
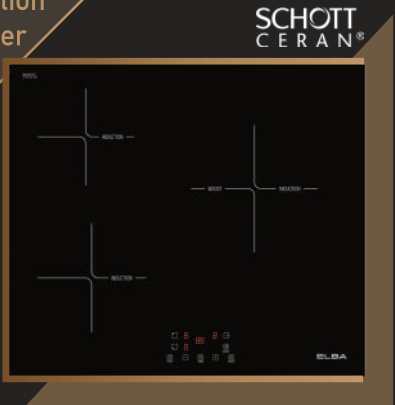

EIC-K6083ST(BK)

- 3 Cooking Zones
- Power Output: 2,200W + 1,800W + 1,400W

M Burners
ELBA's latest generation of high-efficiency burners with breakthrough design in triple-ring and rotated flames, ensure different cooking habits as a result of its excellent performance.

> 60%
Gas efficiency Performance

Rapid Heat
ELBA Burners on gas hobs have a very high output to cook fast and economically, so even a litre of water can boil approximately two minutes faster than on other burners. ELBA burners also feature a perfectly controllable pure frame with a wide control range.
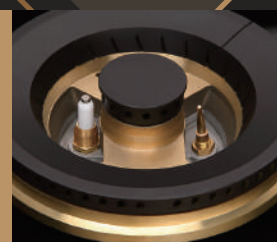

Flame Control
The flame failure safety device shuts down the supply of gas to the hob if the flame goes out for any reason, making sure there is no flame, no gas.
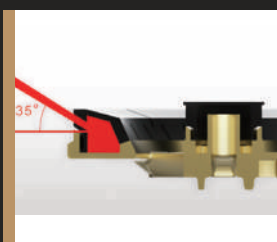

Flame Features
A triple ring flame. Flame type: direct fire + swing fire. Outer ring fire angle: 35 degrees with the horizontal partition.
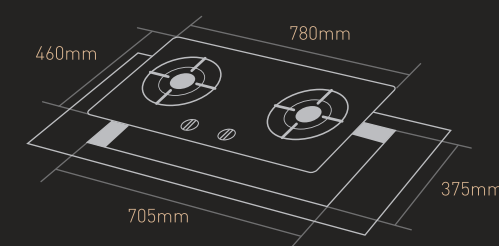

Simple Ignition
Integrated into the knobs, electronic ignition provides easy and simple ignition for gas burners.

Combine the elegance of tempered glass with original Italian SABAF Burners, and you get ELBA Built-in Glass Hob. Made from durable tempered glass, this is the solution for those who prefer cooking over flames but also appreciate the easy-to-clean nature of glass cooktops.

Italian SABAF Burners
Powerful flame for fast cooking and efficient gas consumption.

Flame Failure Device
Thermostat reacts to cut off gas supply when flame is accidentally extinguished.

Cast Iron Pan Support
High durability and long-lasting

Leave The Dishes To
Your Handy Helper

Love to cook, but don't love the cleanup? ELBA Dishwasher takes that tedious task off your hands. This hassle-free, time-saving innovation is easy to operate and gives you a much-needed break from kitchen chores, so you can spend quality time savouring your lovingly home-cooked meals instead.

DID YOU KNOW?
Benefits of dishwasher
ELBA Dishwasher ensures your dishes are cleaner and safer than conventional hand washing with a sponge where harmful germs tend to breed.
