BETTER TECHNOLOGY, BETTER WASH

Add Garment Function

Pause and add garments during the early stage of the wash cycle.

The door will not open if:

- The washing cycle is in the washing stage.
- The water temperature is over 45°C.

01 Pause the Washer → 02 Washer Stops → 03 Add Garments → 04 Resume the Washer

Inverter Motor

- Low power consumption.
- Low noise.
- Delivers exceptional performance.

- Longer lifespan compared to a non-inverter motor.
- Reduces the sound intensity by more than three times.

Drum Cleaning

- Self-cleaning function.
- Heats up to 80°C for sterilisation.
- Removes the stains and dirt from the inner wall of the tub to prevent bacteria growth.

XXL Extra Large Door Design

- 492 mm (upgraded diameter of the door).
- Easier access to check the laundry at a glance.

UNMATCHED CLEANING AND FABRIC CARE

Stain Wash+

- Intensively removes stubborn stains with three intensive wash cycles and three different washing temperatures.
- Efficiently removes ink, tomato juice, soft drinks, red wine, soy sauce, oil, juice, chocolate, coloured water, crayons, coffee, and lipstick stains.

STEP 1 Cold Water

Removes protein stains with cold water.

STEP 2 Warm Water

Removes black carbon stains in 40°C water.

STEP 3 Hot Water

Removes oil and mud in 60°C water.

Applicable for models EWF-J1040IN(WH), EWDC-J8051IN(WH) and EWDC-J1061IN(GD).

Quick Wash

- Enables fast washing that can be completed in just 16 minutes*.
- Ideal for small quantities of clothes you need in a hurry.

*Applicable to Quick Wash Programme only.

Colour Protection

- Cold water helps protect the colours from fading.
- Minimises shrinking of clothes and prolongs their lifespan.
- Recommended for delicate and colourful clothing.

Applicable for models EWF-J8020IN(WH), EWF-J1040IN(WH) and EWDC-J8051IN(WH) only.

Hygiene & Hygiene+

- Washes laundry with 60°C, 80°C and 90°C water.
- Eliminates harmful bacteria and allergens to protect sensitive skin.
- Prevents bad odours.
- Recommended for babies' clothes, towels and bedding.

Applicable for model EWDC-J1061IN(GD) only.

Hygiene

Water Temperature Selection	60°C, 80°C
Suitable for	Allergy & Sensitive Skin Only
Suitable for Laundry	Bedding, Towels

Hygiene+

Water Temperature Selection	60°C, 90°C
Suitable for	Allergy, Sensitive Skin & Babies
Suitable for Laundry	Bedding, Towels, Baby Clothes

Air Fusion

- Automatically keeps the laundry tumbling.
- Injects fresh air to prevent wrinkles and bad odours.
- Operates with ten seconds of rotation every four minutes, with an interval of up to eight hours.

Applicable for model EWF-J1040IN(WH) only.

Removes Bad Odour

Prevents Wrinkles

MAKING EVERY LAUNDRY DAY A BREEZE

The ELBA 2-In-1 Washer Dryer features an impressive 492 mm XXL Extra Large Door designed to accommodate large loads, allowing you to tackle even the most demanding laundry tasks in one go. Say goodbye to back-and-forth trips to the laundry room and spend more quality time with your loved ones instead.

But that's not all. Our washer dryer is equipped with cutting-edge Stain Wash+ technology that takes stain removal to a whole new level. With three intensive wash cycles and customisable temperature settings, our 2-in-1 washer dryer ensures that even the toughest stains are banished for good without the hassle of pre-soaking or hand scrubbing.

 The Double Layer Door provides exceptional heat insulation during high-temperature washing.

 The ELBA Stain Wash feature effortlessly tackles 25 different types of stains with just a click of a button.

POWERFUL CLEANING, EASY OPERATION

i-Smart Wash with Auto-Sensing Technology

TIME & WATER CONSUMPTION ↓ **20%** compared to a manually set programme.

SAVE 20%

Baby Care Protection

- Specially designed for baby care.
- Eliminates harmful bacteria and allergens from fabric effectively.

Soft Closing Glass Lid Design

- Visible glass lid design for better visibility on the laundry cycle.
- The lid closes gently and quietly, avoiding any harm.

Tub Cleaning

- Self-cleaning function.
- Remove stains and dirt from the inner wall of the tub to avoid bacteria growth.

Energy Efficient Motor

- Lower power consumption and lower noise.

↓ **78%** ENERGY CONSUMPTION

Quick Wash

- Enables fast washing that will be complete in just 18 minutes.
- Ideally for small quantity clothes.

18 minutes

Auto-Sensing Technology

- ELBA's Auto Sensing Technology detects the load of fabrics.
- Washer will automatically select the perfect water level and washing programme to optimize the water consumption and time.

Diamond Drum

A unique soft curl design on the diamond drum imitates the hand wash to reduce the wrinkling and tangling of clothes.

SEAMLESS LAUNDRY EXPERIENCE FOR BUSY LIVES

The ELBA Top Loading Washer saves you time and effort. With its top-loading design, you can easily access the drum and conveniently add or remove clothes. No more bending down or struggling to load and unload your laundry!

But convenience doesn't mean compromising on performance. From powerful cleaning cycles to customisable settings, our washer incorporates innovative technologies to tackle even the toughest grime, leaving your clothes fresh, clean, and ready to wear.

PROVIDING OPTIMAL GARMENT CARE

Step into a world where perfectly dry, fresh, and fragrant clothes are just a touch away. The ELBA Tumble Dryer is designed with efficient and fast-drying capabilities to care for your clothes while delivering exceptional results.

Experience the convenience of our Auto-Sensing Technology, which takes the guesswork out of drying your garments. This innovative feature precisely detects when your clothes are perfectly dry, thus preserving their quality and extending their lifespan.

Reverse Tumble Action

The Tumble Dryer features a Reverse Tumble Action that mimics the natural wrinkling and tangling of clothes, resulting in smoother garments that are easier to iron.

Auto Sensing Technology

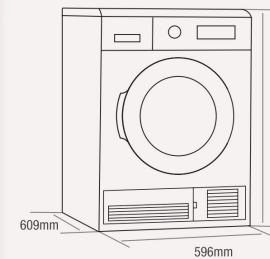

With our advanced Auto Sensing Technology, moisture levels inside the drum are detected, and the dryer will automatically shut off at the perfect moment, ensuring optimal drying while preserving the quality of your clothes.

TUMBLE DRYER

ED-H9151C(WH)

- **Drying Capacity:** 9 KG

- Electronic LED Display
- Water Container Full Alert
- Reverse Tumble
- Stainless Steel Drum
- Anti-Crease
- Delay Start
- Speed Dry

SIMPLIFY YOUR KITCHEN ROUTINE

i-Clean Tech

An extra hygienic and cleaner washing technology that alters water temperature and washing time to eliminate bacteria. Specially designed for cleaning baby bottles and to wash away food particles, leaving bottles completely clean and safe for your baby's use.

Applicable for model EDW-M1368D(BS) only.

Smart Eco

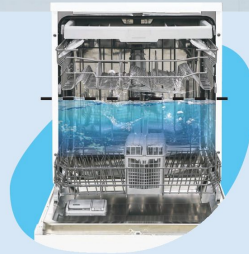

An auto pre-set programme is available for normal soiled dishes used on a daily basis. This program effectively reduces energy consumption and minimizes water usage, all while maintaining a satisfactory level of dirt removal.

Applicable for model EDW-M1331D(WH) only.

Half-Load Programme

The half-load programme enables the dishwasher to use less water compared to a regular program, as the water jet is directed only towards the bottom and middle sections of the appliance. This not only reduces the duration of the washing cycle but also results in approximately 15% savings on water and energy consumption.

Third Rack

The upper cutlery basket is designed for the placement of large and small cutlery and utensils for easy cleaning.

Adjustable Rack

The flexible racks by adjusting the height enable the placement of large items such as pans and pots.

Mini Active Drying

A mini fin with low noise level to provide the best drying performance of the dishes.

DISHWASHER

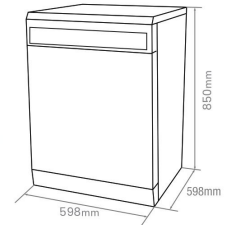

Raise Your Glasses to Everlasting Shine

Crafted for your convenience, the ELBA Dishwasher features ample place settings and versatile washing programs tailored to your needs. Moreover, prioritising energy efficiency, the ELBA Dishwasher boasts an A+++ rating. Experience spotless dishes and eco-friendly satisfaction.
