MULTI DOOR refrigerator

Transform your kitchen with the ELBA Multi Door Refrigerator—designed to optimize space, exceeding the capacity of conventional fridges. Indulge guilt-free as you stock up on favourites. ELBA's patented Multi Air Flow and Total No Frost Technology seal farm-fresh quality into your ingredients. Elevate your home cooking experience, serving only the freshest to your loved ones. Enjoy the pure pleasure of a well-stocked kitchen with ELBA.

Sensor Touch Control Panel

Temperatures are accurately displayed and can be precisely controlled by LED screen.

- ECO Mode**
Optimizes cooling power by adjusting the temperature automatically for small or light storage to ensure better energy saving.
- Holiday Mode**
To optimize the fridge in higher temperature to save energy when away for holiday while keeping the freezer in frozen state.
- Super Freezing Mode**
Enables faster freezing of food in very short amount of time to prevent bacteria growth in the food while preserving flavour and freshness.
- Child Lock**
Prevents children from changing temperature settings.

Multi Air Flow

Circulation of cool air through multiple vents ensures efficient cooling at ideal temperature.

VERZINO series

QUAD ZONE COOLING SYSTEM

Dual Inverter

Inverter compressor and fan will respond for cooling in consistent and stable temperature in order to reduce less energy and minimizes noise.

Rapid Cooling

Keep food fresh with the Rapid Cooling Duct-preserving cold temperatures, minimizing air loss when the door opens, and quickly restoring optimal conditions upon closure. * Applicable for EMR-Q7760IN(GR)

Food will spoil faster with conventional cooling technology.

Food will remain 2x times freshness with Rapid Cooling compare to conventional cooling technology.

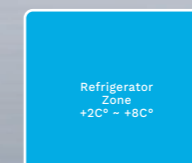

Nutri Fresh+ Zone

Smart compartment that distribute a even air flow inside to ensure fruit and vegetables stay crisp and fresh longer.

Super freeze Box

Separate freezer compartment that enables faster freezing the food while preserving freshness.

Hybrid+ Cooling Zone

The flexible compartment adapts to your needs by turning into Freezer or Fridge Zone without defrost foods.

Humidity Fresh Vegetables
+4C° ~ +5C° Temp. & 85%+ Humidity brings crispy & juicy taste.

Fresh Fish & Meat
Precise Temp. OF -3C° ~ 0C° Long lasting freshness without freezing.

EMR-Q7760IN(GR) **NEW**
