

# New Design—The Versatile Slim Tim by Shed City

Slim Tim is just perfect for that narrow area you have never utilized to its full advantage. Let Slim Tim take care of that space with one or two doors for ease of access. With extra height and narrow width you can be assured that you will love having him as part of your landscape, in fact you will wonder how you ever got by without Slim Tim.

Slim Tim comprises of Shed City exclusive Shed City C section Frame providing superior strength.

You will know you are on a winner when you check out this design, we are very proud of Slim Tim and hope you will consider having him move into your place.
