

# BIOBALL

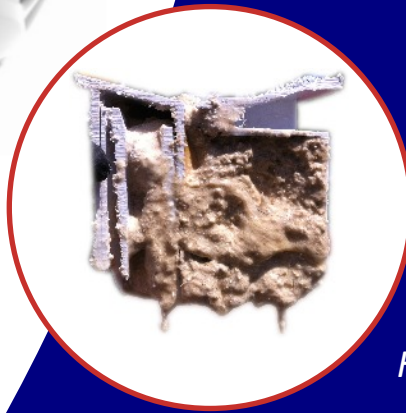

**BIOBALL URINAL  
SYSTEM**

# ES18

**REMOVES  
OUTLET  
SCALE  
& STAINS**

*Biological Action &  
Suitable For Most Types  
Of Urinal*

**PREVENT  
FOUL  
ODOURS**

*Helps Remove & Dissipate  
Most Types Of Odour  
Causing Drain Waste*

**REDUCE  
DRAIN  
BLOCKAGES**

*Dissipates Uric Salts &  
Other Waste Matter*

**FOR WATERLESS AND FLUSHING URINALS**

## KEY BENEFITS

- *Completely ECO Friendly*
- *Reduces Foul Urinal Odours*
- *Keeps Your Urinal Drains Clear*
- *Prevents Urinal "Backing Up"*
- *Imparts Pleasant Fragrance*
- *Negates Need For Aggressive Chemicals*
  
- *Significant Water Saving Potentials*
- *Quick Payback On Rentals*
- *Better than Std Urinal Cubes*
- *Reduces Plumber Call Outs*
- *Reduces Cleaning Costs*
  
- *No Install Issues*
- *Low Ownership Costs*
- *Serviced By Experts*
- *Peace Of Mind*

### HOW DOES THE BIOBALL WORK ?

*Every time the urinal is used the fluid passes over the BIOBALL and erodes a small amount of friendly bacterium into the drain. The bacterium then replicates itself while it devours foul odour causing bad bacterium and soften the hard uric scale deposits ensuring the drain remains serviceable and hygienic, the flushing water assists the bacterium to move down the drain consuming more waste as it goes.*

## THE BIOBALL & HOLDER

THE BIOBALL CAN ALSO  
BE SUPPLIED WITH  
SPECIAL BIOBALL  
ADAPTORS
