

## dyson airblade wash+dry

Airblade™ hand drying technology in a tap

### Wash and dry hands at the sink

With Airblade™ technology in a tap, hands can be dried at the sink in just 14 seconds.<sup>1</sup> There's no need for users to move to a separate drying area, so less water is dripped on the floor.

### Free up your restroom

Other hand drying methods take up valuable wall and floor space. With the Dyson Airblade Wash+Dry hand dryer, there's room for other facilities.

For full product details visit [www.dyson.com](http://www.dyson.com)

### Certified by Quiet Mark

The Quiet Mark Approvals Limited approved the decibel levels and sound quality of the Dyson Airblade Wash+Dry hand dryer – awarding it the Quiet Mark. The Quiet Mark has been developed in response to public health concerns over the psychophysiological effects of excessive or invasive sound produced by appliances.

1. Dry time determined using Dyson test method 769 based on NSF P335 using a measurement of 0.1g residual moisture.
