

MAGICK ENTERPRISES

SECOND HAND BOOK LIST 86: February 2024

As a guide, most second hand prices are 25% less than new, provided the book is in good condition. Bigger reductions are made if the book is marked or in poor, but readable, condition. In some cases identical items may appear at different prices. This may be because of different editions or condition.

Please make it clear when ordering which version you require. When ordering books please state author as it appears in this list, as books are filed by author. Postage is charged at cost. Ring or email for details.

Price when new appears in brackets (estimated for rare or long out of print editions), our second-hand price in bold.

Abbreviations: 1st = first edition; comp. = complete (volume, set or run); dw = dust wrapper; edn = edition; ex-lib = library copy (may have library imprint or sticker); hb = hard bound volume; imp = impression; ltd = limited edition; sc = in slip case; sgd = signed.

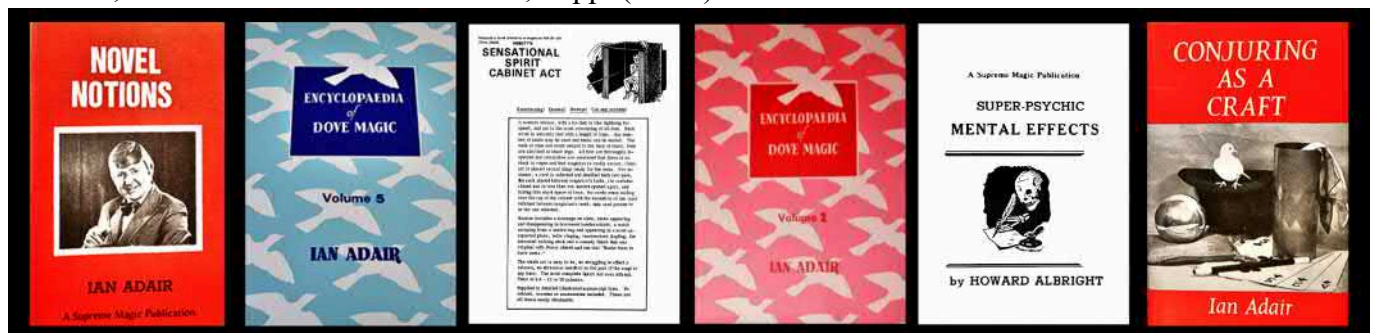

Important Note: A previous version of this list stated that we were moving to new premises. After some hassle from developers we've decided to stay where we are and upgrade our existing Sheffield home. Call in and see us!
