VEGAS bed

A RECIPE FOR HEALTHY AND PEACEFUL SLEEP

A comfortable bed is the basis for a healthy good night's sleep. Do you know what to pay attention to when choosing the perfect bed model for your bedroom? Take a look at what components make up a bed and take care of every detail of your sleeping area.

1

SPECIALTY PILLOW

With specialty pillows you can take care of your health even while you sleep! They are filled with elastic memory foam which ensures a perfect fit to the natural curves of your head and neck.

2

MATTRESS TOPPER

A mattress topper is the ideal way to soften the main mattress and provide extra hygiene to the entire set.

3 MATTRESS PROTECTOR

A mattress protector made of durable and stylish fabric is the way to make your sleep more hygienic, clean, and comfortable. It will provide your mattress with even longer service life.

4 MATTRESS

The right mattress has a significant impact on not only your comfort and well-being, but above all your health. Pick the one that best suits your needs. All mattresses available in our offer have a removable and washable cover to help you keep it clean and increase your sleep hygiene.

5 FRAME

Even the best mattress needs strong support. In addition to proper ventilation, a well-chosen frame will provide extra cushioning and extend its service life.

6 BED

A sturdy bed frame guarantees the durability of the entire structure and the comfort of sleep. Choose a size that matches both your interior and your idea of ultimate comfort. Consider choosing a bed with a headboard. It looks beautiful and provides soft support for your back.

UPHOLSTERED BEDS

The bedroom is where you relax after a hard day. If you want to wake up feeling well-rested and filled with energy after a good night's sleep, make sure you choose the right bed for you. Explore our offer of comfortable and stylish upholstered beds available in a wide range of fabrics. Choose the perfect bed for you, and then pick the right frame and mattress.

HOW TO CHOOSE A MATTRESS?

The selection of a mattress has a significant impact on not only your comfort and well-being, but above all your health. So, before you make a decision, it is good to consider the type of filling, the hardness, as well as the right size, to make it ideally suited to your body's needs. Here is a quick guide to help you make the right choice.

Several spring and foam mattress designs, various degrees of hardness, from soft to very hard.

The perfect offer for even the most demanding users. Mattresses designed with the highest degree of comfort in mind.

1 SELECT THE TYPE

Spring, or maybe foam-based, which mattress should you choose? We offer a wide range of both spring-based mattresses as well as modern, comfortable foam-based ones. The range is completed by mattress toppers, which are the perfect addition to the main mattress, providing additional comfort and hygiene.

7 COMFORT ZONES

Most of the models we offer have 7 comfort zones. The shoulder and hip zones are softer, while the lumbar zone is harder. All this is to ensure that your spine remains perfectly straight when sleeping on the side.

SOFT AND MEDIUM MATTRESSES

Soft mattresses are primarily dedicated to children or adults with a petite body build (weight up to 50 kg or slightly heavier) who are looking for exceptional softness.

Medium mattresses are designed for people weighing 40–80 kg. People weighing less than 40 kg will perceive this mattress as hard, whereas to people weighing over 80 kg, the mattress will feel soft.

POSITO

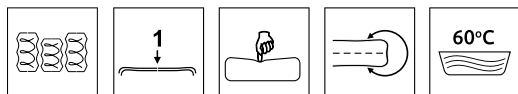

spring mattress

Softness adapted to the weight of a child.

HEIGHT: 20 cm

AVAILABLE SIZES: (W/L) 90x200 cm, 120x200 cm

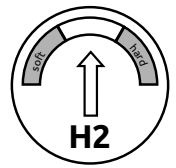

FOR SLEEP
caring for your sleep

Pocket springs	The location of the springs in separate pockets provides high point flexibility of the mattress and guarantees proper body support.
Single-zone mattress	Dedicated for people weighing up to 60 kg.
Double-sided mattress	It offers the possibility of inverting and rotating to avoid deformation. It is recommended to rotate double-sided mattresses every 6 months to extend its service life and improve sleep hygiene.
YOUNG cover	Öko-Tex® Standard 100 approved knitted fabric with a youthful design.

SOFT AND MEDIUM MATTRESSES

MARFIK

spring mattress

The most affordable spring mattress.

HEIGHT: 16 cm

AVAILABLE SIZES: (w/L) 80x200 cm, 90x200 cm, 120x200 cm, 140x200 cm, 160x200 cm

Bonnell springs	They provide a homogeneous sleeping area and stability. They guarantee comfort and a good night's rest every night.
Felted support inserts on both sides	They protect the foam from abrasion.
Double-sided mattress	It offers the possibility of inverting and rotating to avoid deformation. It is recommended to rotate double-sided mattresses every 6 months to extend its service life and improve sleep hygiene.
MICRO cover	Öko-Tex® Standard 100 approved micro fabric, quilted with fluffy anti-allergic non-woven fabric.
Removable cover	The cover is equipped with a zipper on 4 sides of the mattress which allows for easy removal and machine washing at 60 °C.

PREMIA

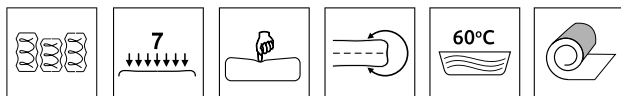

spring mattress

The most affordable mattress with pocket springs.

HEIGHT: 19 cm

AVAILABLE SIZES: (W/L) 90x200 cm, 120x200 cm, 140x200 cm, 160x200 cm, 180x200 cm

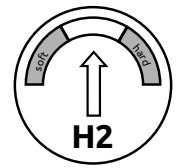

Pocket springs	The location of the springs in separate pockets provides high point flexibility of the mattress and guarantees proper body support.
7 comfort zones	It guarantees an ergonomic fit of the mattress to the shape of the body.
Double-sided mattress	It offers the possibility of inverting and rotating to avoid deformation. It is recommended to rotate double-sided mattresses every 6 months to extend its service life and improve sleep hygiene.
Aqua cover	Öko-Tex® Standard 100 approved knitted fabric, quilted with fluffy anti-allergic non-woven fabric.
Removable cover	The cover is equipped with a zipper on 4 sides of the mattress which allows for easy removal and machine washing at 60 °C.

SOFT AND MEDIUM MATTRESSES

TARVOS

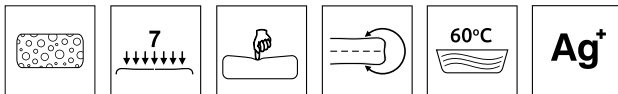

foam mattress

Hybrid foam — durable and elastic.

HEIGHT: 22 cm

AVAILABLE SIZES: (W/L) 90x200 cm, 140x200 cm, 160x200 cm

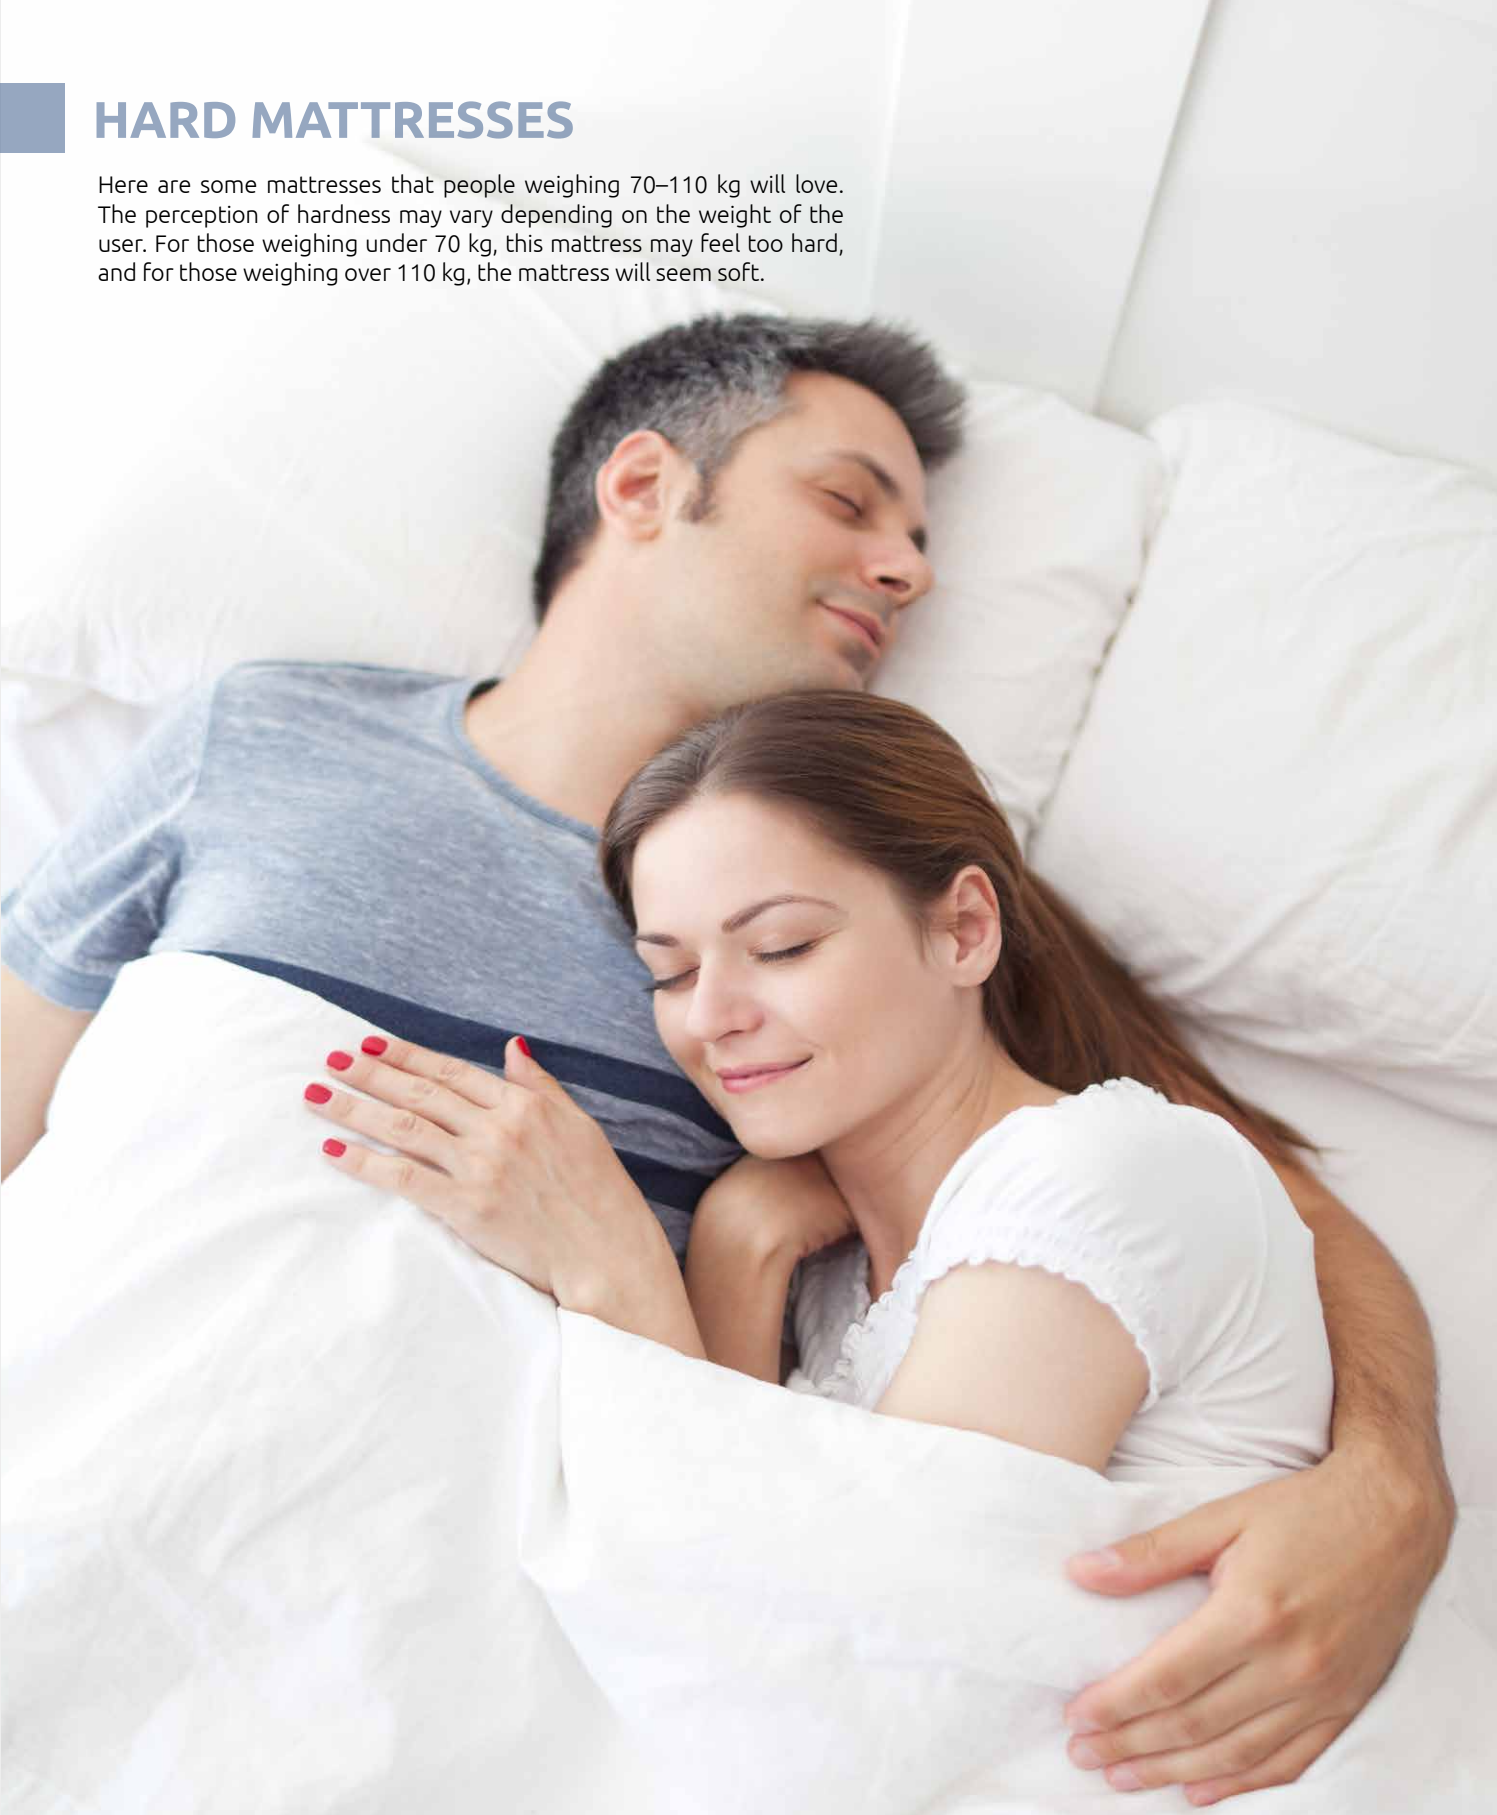

FOR SLEEP
caring for your sleep

Profiled hybrid foam	It improves ventilation inside the mattress and provides a massage-like effect.
7 comfort zones	It guarantees an ergonomic fit of the mattress to the shape of the body.
Double-sided mattress	It offers the possibility of inverting and rotating to avoid deformation. It is recommended to rotate double-sided mattresses every 6 months to extend its service life and improve sleep hygiene.
SILVER+ cover	Öko-Tex® Standard 100 approved knitted fabric with silver ions, quilted with fluffy anti-allergic non-woven fabric. Silver ions give the Silver+ cover antistatic, antibacterial, and antifungal properties.
Removable cover	The cover is equipped with a zipper on 4 sides of the mattress which allows for easy removal and machine washing at 60 °C.

HARD MATTRESSES

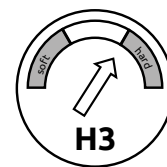

Here are some mattresses that people weighing 70–110 kg will love. The perception of hardness may vary depending on the weight of the user. For those weighing under 70 kg, this mattress may feel too hard, and for those weighing over 110 kg, the mattress will seem soft.

HARD MATTRESSES

ARMUS

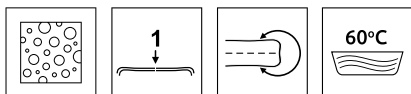

foam mattress

The most affordable foam mattress.

HEIGHT: 10 cm

AVAILABLE SIZES: (w/L) 80x90 cm, 90x200 cm, 120x200 cm, 140x200 cm, 160x200 cm

SPECIALTY PILLOWS

Specialty pillows are filled with thermoelastic foam (**memory foam**). The foam material is made up of millions of tiny cells that sense changes in weight and temperature of the human body. The filling increases its elasticity as the temperature rises. This ensures a perfect fit to the cervical section of the spine in its natural position.
