TABLES AND CHAIRS

# QUALITY OF PRODUCTION

## THIS IS HOW FURNITURE IS MADE ...

The mission of our company is to produce high quality tables and chairs characterised by unique design and practical solutions.

It all starts with wood. It is the material from which most chairs and table components are made.

1

The production of high-quality furniture requires the right conditions, which is why our factory is equipped with state-of-the-art machinery.

2

We use state-of-the-art technologies that give a wide range of possibilities for the processing and finishing of materials used in furniture production.

3

Each day we manufacture about 500 chairs and 50 armchairs for the domestic market and nearly 100 chairs for export.

# 4

The vast majority of tables and chairs are made of beech.

# 5

We prepare a one-of-a-kind, solid base for the whole piece of furniture.

Our furniture is created by people - it is the work of their hands that brings our products to customers' homes.

# 6

Most activities in chair production are automated. However, some steps require manual labour.

7

When the base structure of the chair is completed, the upholstery work starts. 100 covers are made at the plant each day.

8

The tailor-made cover is placed on the seat of the chair. We adjust every detail and stretch the fabric to satisfy the most demanding customers.

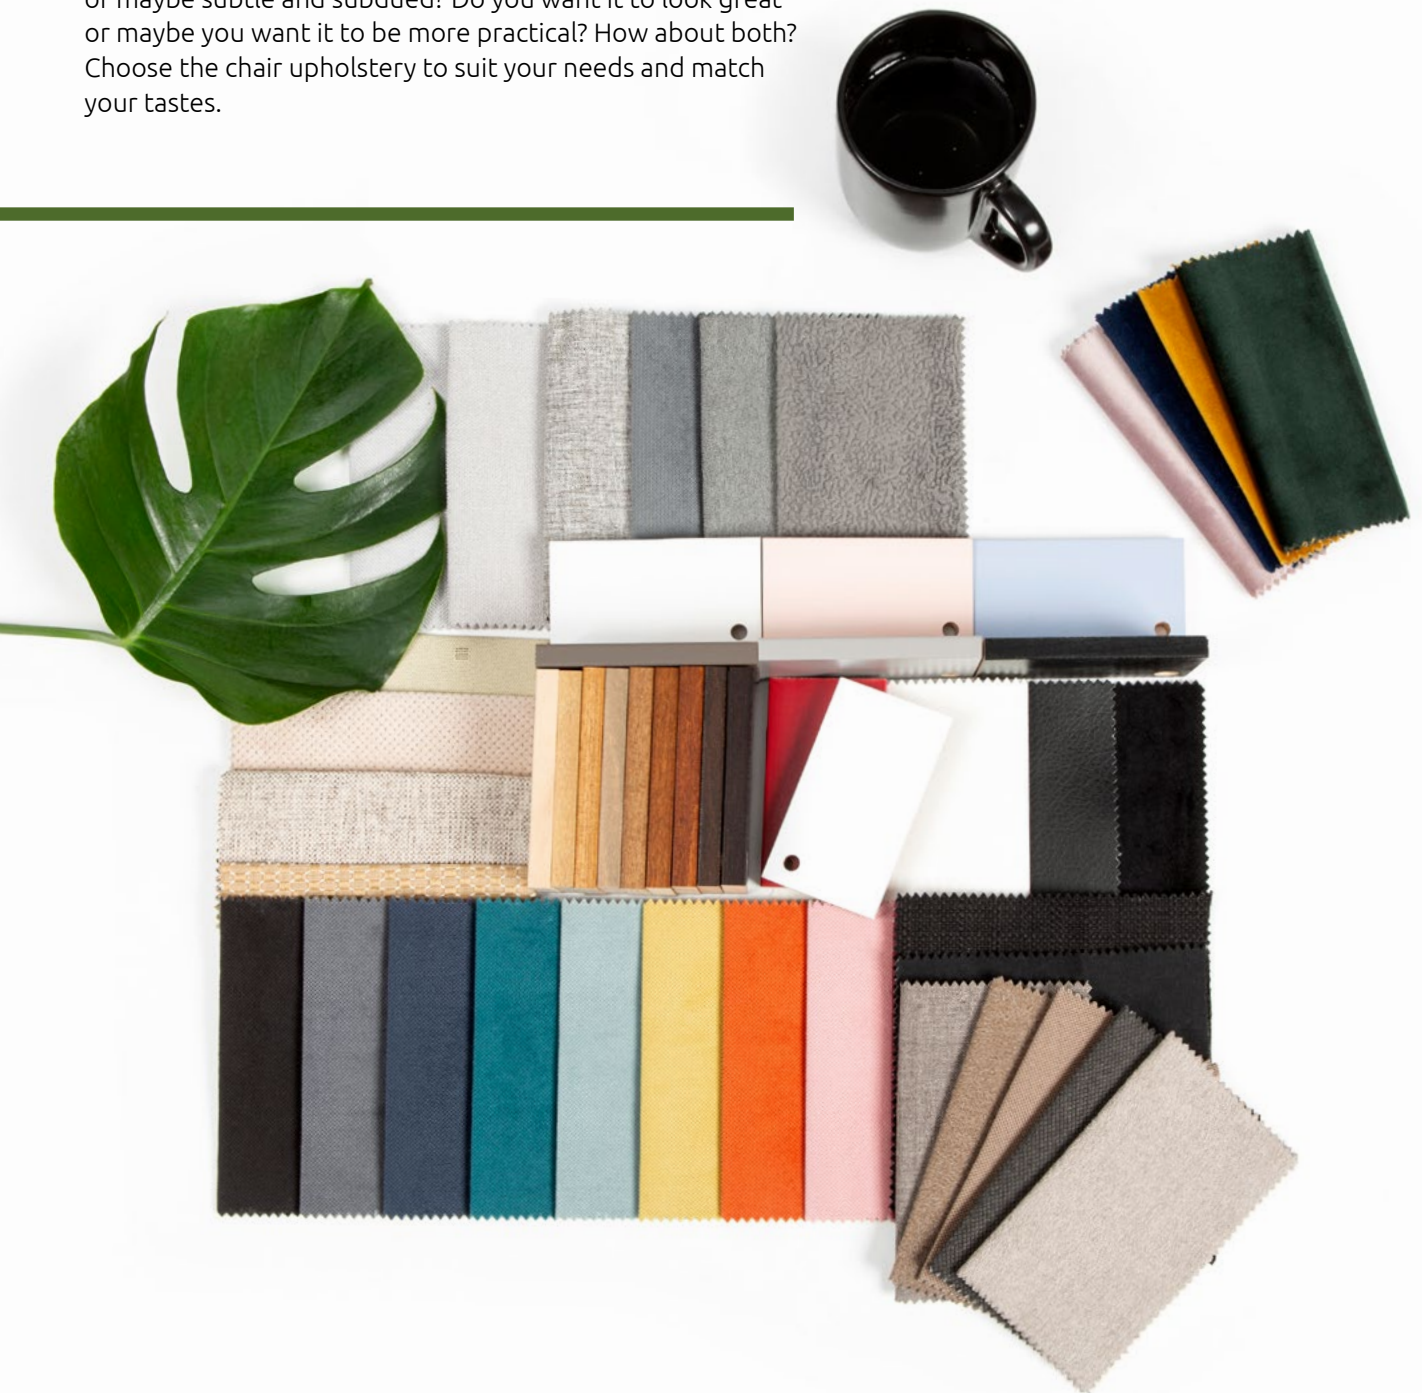

9

A lot of people work to ensure that the chairs produced in the factory are not only durable but also beautiful.

# CHOOSE THE IDEAL FABRIC

What should the ideal fabric be? Expressive and full of colour, or maybe subtle and subdued? Do you want it to look great or maybe you want it to be more practical? How about both? Choose the chair upholstery to suit your needs and match your tastes.

## BECOME A DESIGNER

We believe that a beautiful design should match your taste and lifestyle. This is why many of the chair, armchair and table models you will find in this catalogue can be transformed by choosing the right wood colour or fabric.

Savour the moment

## FIRST OF ALL, THE TABLE

The table is the heart of the dining room. It accompanies the family during shared meals every day.

The right table will work perfectly in any situation. Customise its size, shape, colour and style to suit your needs. See how much you can gain! Thanks to the extendable tabletop, a seemingly small table can be easily transformed into a comfortable dining table. Choose something for yourself!
