

Loft @ Malo

Loft @ Malo is a private room located on the 1st floor of Malo Empanadas, in the heart of the historic Lanes. The experience at The Loft involves cooking your own steak hot-stone style, a method first used centuries ago. This style of cooking allows each diner to cook their steak exactly as they like, keeping every bite as hot and tasty as the first. The steak is sourced from our sister steakhouse Baqueano, where we work with the best meat: coming straight from Argentina, all meats are premium quality, grass-fed Angus breed that stands out for its softness and juiciness thanks to its 45-day wet-aging process.

Evenings only. Available for groups of 6-14 people. Booking required.
