# EDEN TABLE

The Eden and Tathra collections celebrate leisure time and family. Named after two of the south-most towns in NSW Australia, they hold special memories of family holidays in the designer's youth. Exploring wild coastlines with unique rock formations during the day and sharing meals with loved ones during lazy afternoons. It's those memories and the eternal stone formations of the surrounding landscapes that inspired these furniture pieces.

Eden coffee tables celebrate organic forms - from the marble top which features no edges at all, to the timber supports which reject mathematical order in their placement and shape. Perfect for a sophisticated interior celebrating honest materials and seeking relief from geometry. Like ancient geological formations these coffee tables represent a balance and composure that is only ever found in nature.
