# Pom-pom Headband

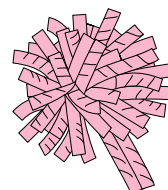

*Adding a pom-pom with a button is a sweet crafty addition to a child's headband. Make one in every color for a fun wardrobe of headbands!*

## Pom-pom Trim

1. Using a piece of stiff cardboard that is about 1½" (3.8 cm) wide, wrap twine around it. The more you wrap the fuller your pom-pom will be.
2. Cut a separate piece of twine, thread onto yarn needle. Using doubled twine, slip it under the wraps; tie as tightly as you can.
3. Cut the loops on side of cardboard without tie; shake the pom-pom.

4. Trim the ends so that they are even and ball shaped.

5. Sew button to center of pom-pom leaving ends of twine on top; tie securely and trim ends.
6. Glue pom-pom to headband with hot glue.
