

⊗ EMBROIDERY
SKILL LEVEL: **EASY**

MEASUREMENT

6" x 6"

INSTRUCTIONS

Note: An embroidery hoop should not be used with needlepoint canvas. The project can be worked in hand, or the canvas can be attached to stretcher bars. Each stitch is worked vertically over 4 canvas threads.

Directions:

1. Find the center of the canvas.
2. Work the first row of the pattern in Pink as shown on Chart 1.
3. Work the next four rows of the design as shown on Chart 2. The color sequence is Pink, Lavender, Blue, Pale Yellow, and Pale Green. Repeat this color sequence to the bottom of the design, referring to the color photo. The last few rows of color will not be full repeats but will be compensating stitches to "square off" the design.
4. When this half of the design is complete, turn the chart upside down and work the other half of the design.

Featuring Anchor® Tapestry Wool

MATERIALS

Anchor® Tapestry Wool: 1 skein of each color
