INSTRUCTIONS

Notes:

- To begin working with the O'Go format, carefully cut plastic tie where the ends of the O'Go meet.
- Pull tie to remove.

- Separate colors by gently pulling apart and cutting at the color transition. Each color is ready to use.
- To change color, work to last loop on hook of prev color. Yoh with new color, draw through loop, tighten prev color and proceed with new color
- While working mosaic panels, carry color when not in use loosely up side of work
- Each skipped sc has ch-1(2) worked above it for 2 rows. This establishes the 'gap' where Mosaic Dc will later be worked
- Mosaic Dc always replaces sc directly behind it on working row
- WS of your work maintains alternating 2-row striped pattern because you are working in front of chain spaces each time you work Mosaic Dc - you are never working around chain-spaces. The chain-spaces are positioned behind Mosaic Dc.
