## INSTRUCTIONS

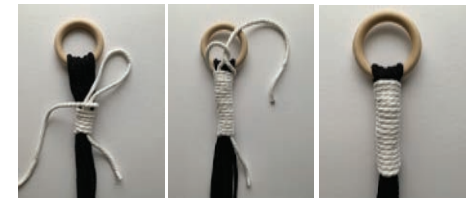

### Notes:

- Tape ring to flat work surface for ease of working.
- **Do not** tie knots too tightly. Tighten knots just enough to secure knot.
- Text in **bold** refers to knots illustrated with diagrams.
- Trim ends of each **Gathering Knot** close to wrap.

**Gathering Knot**

1. Cut 6 cords of A - 5 yds [4.5 m] long.
2. Thread all 6 cords through ring and bring ends even to fold in half, creating 12 working cords.
3. Cut 2 yds [1.75 m] cord of B.
4. With B, tie **Gathering Knot** 4" [10 cm] long around all 12 cords of B, just beneath ring.

5. Divide 12 cords of A into 3 groups of 4 cords.
6. Cut 9 cords of B - 1 yd [1 m] long for next series of knots.
7. With 1 cord of B, tie **Gathering Knot** 2" [5 cm] long around 1 group of A cords, 18" [45 cm] down from first knot.

8. Repeat Step 7 for remaining 2 groups of A cords. This creates first series of knots.

9. Take 2 cords from first group of A cords and 2 cords from second group of A cords together. With 1 cord of B, tie **Gathering Knot** 2" [5 cm] long around this new group of A cords, 3" [7.5 cm] down from previous series of knots.

10. Take 2 remaining cords from second group of A cords and 2 cords from third group of A cord together. With 1 cord of B, tie **Gathering Knot** 2" [5 cm] long around this new group of A cords, 3" [7.5 cm] down from first previous series of knots.
11. Take 2 remaining cords from third group of A cords and 2 remaining cords from first group of A cords together. With 1 cord of B, tie **Gathering Knot** 2" [5 cm] long around this new group of A cords, 3" [7.5 cm] down from previous series of knots. This creates second series of knots.

12. Repeat Steps 9 to 11 to create third series of knots.
13. Cut 2 yd [1.75 m] cord of B.
14. With B, tie **Gathering Knot** 4" [10 cm] long around all 12 cords of B, 3" [7.5 cm] down from previous series of knots.

- Trim A cords 12" [30.5 cm] down from last knot.
