

MATERIALS

Bernat® Macrame™ (8.8 oz/250 g; 44 yds/40 m)

Natural (66001)

4 balls

Transparent tape. Wooden dowel approx 1" [2.5 cm] diameter and approx 27" [68.5 cm] long.

MEASUREMENTS

Approx 15" x 46" [38 x 117 cm], excluding dowel.

To fit plant pot approx 6-10" [15-25.5 cm] in diameter.

CRAFT | SKILL LEVEL: INTERMEDIATE

INSTRUCTIONS

Notes:

- Tape dowel to flat work surface or hang on wall for ease of working. If hanging, work Steps 31-36 before Step 1.
- **Do not** tie knots too tightly. Tighten knots just enough to secure knot.
- Text in **bold** refers to knots illustrated with diagrams.

Instructions for Left-Right Diagonal Double Half Hitch Row:

First cord on the left is "knot-bearer". With next cord to the right, tie **Diagonal Left-Right Double Half Hitch Knot** onto knot-bearer. Working *left-to-right*, continue tying **Diagonal Left-Right Double Half Hitch Knot** to knot-bearer using next cord to the right of previously knotted cord to end of row as indicated in pattern.

Diagonal Left-Right Double Half Hitch

Instructions for Right-Left Diagonal Double Half Hitch Row:

Last cord on the right is "knot-bearer". With next cord to the left, tie **Diagonal Right-Left Double Half Hitch Knot** onto knot-bearer. Working *right-to-left*, continue tying **Diagonal Right-Left Double Half Hitch Knot** to knot-bearer using next cord to the left of previously knotted cord to end of row as indicated in pattern.

Diagonal Right-Left Double Half Hitch

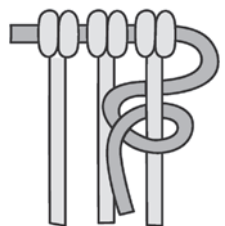

Instructions for Alternating Half Hitch Sinnet (worked with 4 cords):

2 cords at center are knot-bearer cords. With cord at left, tie one **Vertical Left-Right Half Hitch Knot** onto knot bearers. With cord at right, tie one **Vertical Right-Left Half Hitch Knot** onto knot bearers. Continue tying Half Hitch Knots, alternating left and right cords to length indicated in pattern.

Vertical Left-Right Half Hitch

Vertical Right-Left Half Hitch

Wall Hanging Instructions

Cut 24 cords 7 yds [6.5 m] long.

Fold each cord in half and tie in **Larks Head Knot** to dowel. You now have 48 working cords. Cords are referenced below from left-to-right as cords 1 through 48.

Small Chevron Section

With first 8 cords, work 2 Left-Right Diagonal Double Half Hitch Rows
With next group of 8 cords (cords 9 to 16), work 3 Right-Left Diagonal Double Half Hitch Rows.

With next group of 8 cords (cords 17 to 24) work 3 Left-Right Diagonal Double Half Hitch Rows.

With next group of 8 cords (cords 24 to 32), work 3 Right-Left Diagonal Double Half Hitch Rows.

JOIN: Continuing from right-to-left along same row, use last cord from previous group to tie one

Diagonal Double Half Hitch Knot onto same knot-bearer cord. This will join 3rd and 4th groups at center.

With next group of 8 cords (cords 33 to 40), work 3 Left-Right Diagonal Double Half Hitch Rows.

With next group of 8 (cords 41 to 48) work 2 Right-Left Diagonal Double Half Hitch Rows.

Large Chevron Section

From here, all cords are referenced again from left-to-right as cords 1 to 48. Disregard how cords numbers were rearranged after completion of previous section.

With first 24 cords, work 3 Left-Right Diagonal Double Half Hitch Rows.

With next group of 24 cords (cords 25 to 48) work 3 Right-Left Diagonal Double Half Hitch Rows.

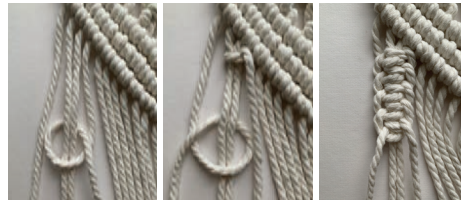

JOIN: Continuing from right-to-left along same row, use last cord from previous group to tie one **Diagonal Right Left Double Half Hitch Knot** onto same knot-bearer cord. This will join left and right sections at center.

Sinnet Section

Left Sinnet: Using first 4 cords at left, work **Alternating Half-Hitch Sinnet** for 14" [35.5 cm].

Center Sinnet: Using center 4 cords, work **Alternating Half-Hitch Sinnet** for 7" [18 cm].

Right Sinnet: Using last 4 cords at right, work **Alternating Half-Hitch Sinnet** for 14" [35.5 cm].

Take right cord from Left Sinnet and left cord from Center Sinnet together to create new group of knot-bearer cords.

With right-most knot-bearer cord from Left Sinnet, tie one **Vertical Left-Right Half Hitch Knot** onto new group of knot-bearer cords 5" [12.5 cm] from previous knots.

With left-most knot-bearer cord from Center Sinnet, tie one **Vertical Right-Left Half Hitch Knot** onto new group of core cords.

Tie 2 more knots as worked previously for **Alternating Half-Hitch Sinnet**.

Take left cord from Right Sinnet and right cord from Center Sinnet together to create new group of knot-bearer cords.

With right-most knot-bearer cord from Center Sinnet, tie one **Vertical Left-Right Half Hitch Knot** onto new group of knot-bearer cords 5" [12.5 cm] from previous knots.

With left-most knot-bearer cord from Right Sinnet, tie one **Vertical Right-Left Half Hitch Knot** onto new group of knot-bearer cords.

Tie 2 more knots as worked previously for **Alternating Half-Hitch Sinnet**.

Take left cord from Left Sinnet and right cord from Right Sinnet together to create new group of knot-bearer cords, bringing them in front of other knots.

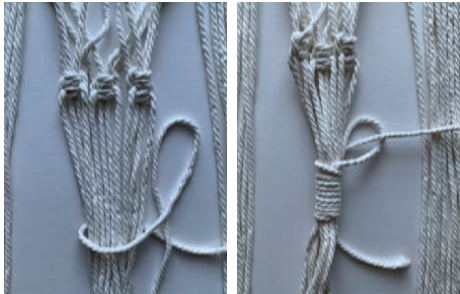

With left-most knot-bearer cord from Left Sinnet, tie one **Single Left-Right Half Hitch Knot** onto new group of knot-bearer cords 5" [12.5 cm] from previous knots.

With right-most knot-bearer cord from Right Sinnet, tie one **Single Right-Left Half Hitch Knot** onto new group of knot-bearer cords.

Tie 2 more knots as worked previously for Alternating Half-Hitch Sinnet.

Gathering Knot

Cut new cord 2 yds [1.8 m] long. With new cord, tie **Gathering Knot** around all cords 5" [12 cm] down from last knots. Trim ends of new cord close to knot.

Trim loose cords 12" [30.5 cm] from Gathering Knot.

Un-ply each loose cord by twisting cord clockwise until plies loosen, separating plies from the cut end up to knot. Comb fringe and trim evenly.

Trim remaining loose cords evenly 32" [81 cm] down from dowel.

Hanging Cord

Cut 4 cords approx 48" [122 cm] long and hold together for Hanging Cord.

Cut 4 cords approx 24" [61 cm] long for Gathering Cords.

With Gathering Cords, tie 1" [2.5 cm] long **Gathering Knots** around Hanging Cord 4" [10 cm] and 6" [15 cm] down from each end of Hanging Cord. 4 Gathering Knots will be made in total.

Insert dowel between cords between Gathering Knots as seen in photo. Gathering Knots can be adjusted up or down to rest tightly against dowel.

Trim ends of Hanging Cord evenly.

Un-ply each loose cord by twisting cord clockwise until plies loosen, separating plies from the cut end up to knot.

Gathering Knot
