## INSTRUCTIONS

### BOW

#### Notes:

- Right side (RS) of project is facing at all times.
- 'Working yarn' is held behind stitches throughout work.
- Loops from working yarn are always pulled through stitches from back to front of work.

With C, count 6 loops for foundation row (noting yarn end is at far right and all loops are facing upwards).

#### Tips on Using EZ Yarn

**1st row:** Working from **left to right**, pull 7th loop (from 'working yarn') up through 6th loop (last loop of foundation row) from behind to create a knit stitch. Pull next loop from working yarn up through next loop of foundation. Continue in this manner to end of row. **Do not** turn work. 6 stitches in row.

**2nd row:** Working from **right to left**, pull next loop from working yarn up from behind through last stitch worked on previous row. \*Pull next loop from working yarn up from behind through next stitch. Repeat from \* across to end of row. **Do not** turn.

**3rd row:** Working from **left to right**, pull next loop from working yarn up from behind through last stitch worked on previous row. \*Pull next loop from working yarn up from behind through next stitch. Repeat from \* across to end of row. **Do not** turn.

Repeat (Rep) 2nd and 3rd rows until Bow measures approx 20" [51 cm], ending on a 2nd row.

**Bind off row:** Working in same direction as last row, pull 2nd stitch through first stitch. Pull 3rd stitch through 2nd stitch. Pull 4th stitch through 3rd stitch. Continue in this manner to end of row. Cut last 4 loops to create a yarn 'tail'. Tie to secure.

**INSTRUCTIONS**

Using long Tail, seam Foundation Row and Bind Off Row together (tog) using whipstitch, ensuring work is not twisted, to form a Loop. Weave in ends.

Flatten Loop so seam is at the back and the stocking stitch ('V' sts) are facing you.

With C, cut strand approx 20 loops long and cut base of loops carefully to create a straight length of yarn. Wrap length of yarn around center of Bow Loop approx 12 times to cinch center to form Bow.

Using left-over tails from cinching, tie bow to Wreath.

Using hot glue, glue edges of Bow to secure in place.
