

MATERIALS	
Bernat® Macrame™ (8.8 oz/250 g; 44 yds/40 m)	
Small Version	
Contrast A Natural (66001)	1 ball
Contrast B Denim (66009)	1 ball
Large Version	
Contrast A Natural (66001)	1 ball
Contrast B Pistachio (66014)	1 ball
Yarn needle. Hair comb for fringe.	

CRAFT | SKILL LEVEL: EASY

ABBREVIATION

Approx = Approximately

MEASUREMENTS

Small: Approx 5" [12.5 cm] diameter x 1½" [4 cm] tall, excluding fringe.

Large: Approx 10" [25.5 cm] diameter x 2" [5 cm] tall, excluding fringe.

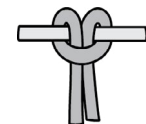

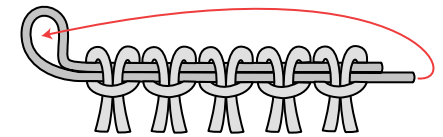

INSTRUCTIONS

The instructions are written for smaller size. If changes are necessary for larger size the instructions will be written thus (). When only one number is given in black, it applies to both sizes.

Notes:

- Text in bold refers to knots illustrated with diagrams.
- **Do not** tie knots tightly; doing so will alter finished measurements

1. Cut one knot-bearing cord **70 (80)**" [**178 (203)** cm] long in A. Cut **11 (17)** knotting cords **36 (40)**" [**91.5 (101.5)** cm] long in A. Cut **12 (18)** knotting cords **36 (40)**" [**91.5 (101.5)** cm] long in B.
2. Place knot-bearing cord flat on table, folding to form an **18 (20)**" [**45.5 (51)** cm] overlap.
3. Working over both cords as shown in diagram, work 5 **Lark's Head** knots, working first knot with a knotting cord in B, and then alternating between A and B.

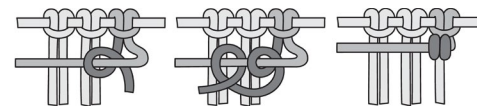

LARK'S HEAD KNOT

- Take long end of knot-bearing cord and thread it through loop as shown in diagram. Draw tight to form circle. Shorter end of knot-bearing cord will now be used as a knotting cord.
- Holding knot-bearer cord horizontally and in front of knotting cords, work a **Horizontal Double Half Hitch** using short end of knot-bearing cord as knotting cord. Continue working **Horizontal Double Half Hitch** knots using each of next 2 knotting cords. With a new knotting cord in corresponding color, work a **Lark's Head** knot around knotting cord. Continue working **Horizontal Double Half Hitch** knots around knot-bearing cord using **existing** knotting cords, adding in new knotting cords using a **Lark's Head** knot in appropriate shade whenever a gap appears.

- When adding in new knotting cords, place new cords **in between 2 existing** knotting cords of same shade. This will maintain tidy lines within colorwork.
- Continue as established until base measures **5 (10)" [12.5 (25.5) cm]** diameter, working **Horizontal Double Half Hitch** knots using **existing** knotting cords, and adding in new knotting cords as needed. Once completed, there should be approx **47 (71)** knotting cord tails in Bowl – **23 (35)** in A, **24 (36)** in B.
- Working only with **existing** knotting cords, continue working **Horizontal Double Half Hitch** knots around circumference of work. When gaps in work appear, pull knot-bearing cord tight to draw knots together, forming lip of bowl. Continue in this manner until lip of bowl is approx **1½ (2)" [4 (5) cm]** tall.
- Using yarn needle, weave tail of knot-bearing cord into back of work. Trim all knotting cords to 1" [2.5 cm].

HORIZONTAL LEFT-RIGHT
DOUBLE HALF HITCH

HORIZONTAL RIGHT-LEFT
DOUBLE HALF HITCH

- Un-ply each fringe strand by twisting strand clockwise until plies loosen, separating plies from the cut end up to knot. Comb fringe and trim evenly.
