## INSTRUCTIONS

### Notes:

- Work through each skein in the existing order, or create your own custom color play
- To begin working with the O'Go format, carefully cut plastic tie where the ends of the O'Go meet.

- Pull tie to remove.
- Separate colors by gently pulling apart and cutting at the color transition. Each color is ready to use. For this pattern, colors can be easily separated by gently pull-ing apart and cutting at the color transition. Each color is ready to use. Follow color guide shown in Materials section for each O'Go (Contrast A to E). You may find it helpful to place each color section in its own resealable (zip lock) bag and label each bag A to E.
