INSTRUCTIONS

Notes:

- To change colors, work to last 2 loops on hook of previous stitch and draw new color through.
- When working Mosaic Pat, carry color not in use loosely up side of work unless otherwise stated.

- Each pair of skipped sc has ch-3 worked above it for 2 rows. This establishes the 'gap' where 2 Mosaic Dc will later be worked
- Mosaic Dc always replaces sc directly behind it on working row
- WS of your work maintains alternating 2-row striped pattern because you are working in front of chain spaces each time you work Mosaic Dc - you are never working around chain-spaces. The chain-spaces sit behind Mosaic Dc.

How to read Mosaic Chart:

- Each square of chart represents 1 stitch.
- RS rows (odd numbered rows) are read from right to left. WS rows (even numbered rows) are read from left to right.
- Each row is worked in one color only. First stitch of chart indicates the color to be used in that row.
- When a contrast color appears (eg: 2 white squares in a gray row) work as "ch 3. Skip next 2 sts".
- On RS rows when working into a st that is a different color than current working color, work sts into back loops only. If working into st of same color, work under both loops as usual.
- On RS rows when a ch-3 sp appears, work 1 Mosaic Dc into each of 2 skipped sts 3 rows below.
