

MATERIALS

Coats & Clark™ Dual Duty XP® All-purpose Thread

15 assorted red/white print fabrics, 5" x 10" (12.5cm x 25.5cm)*

Dark holiday print, 5" x 10" (12.5cm x 25.5cm)

¼ yd (23cm) grosgrain ribbon, ⅜" (1cm), for hanger

½ yd (46cm) gingham ribbon, ⅜" (1cm), for bow

21 jingle bells, 10mm

Polyester fiberfill

Point turner

Craft glue (optional)

**Fabrics can be all different if using scraps, or you can duplicate within the tree if desired.*

 SEWING | SKILL LEVEL: **EASY**

Featuring Coats & Clark™ Dual Duty XP® All-purpose Thread

Hang this festive decoration anywhere you would like to add a little holiday spirit. Assorted red and white triangles are lightly stuffed for dimension joined with jingle bells just for fun!

MEASUREMENTS

17" x 17" (43cm x 43cm)

CUTTING

Note: Templates on page 3.

From the assorted red/white prints, cut:

(15) triangle pairs, cutting the lower edge along the straight of grain to avoid stretching

From the dark holiday print, cut:
(2) bases

Seam allowances are ¼" (.64cm).

ASSEMBLING THE TRIANGLES

1. With right sides together, sew matching triangles together around the perimeter, leaving a small opening in the lower edge (straight-grain side) for turning and stuffing. Backstitch at each side of the opening.

2. Clip the corners to reduce bulk and turn the triangles right side out. Gently shape the corners using the point turner. Press.
3. Lightly stuff each triangle, then hand-stitch the opening closed.

ASSEMBLING THE BASE

4. Place the bases right sides together and sew around the perimeter, leaving an opening in the lower edge for turning and stuffing. Backstitch at each side of the opening.
5. Clip the corners to reduce bulk and turn the base right side out. Gently shape the corners using the point turner. Press.
6. Lightly stuff the base, then hand-stitch the opening closed.

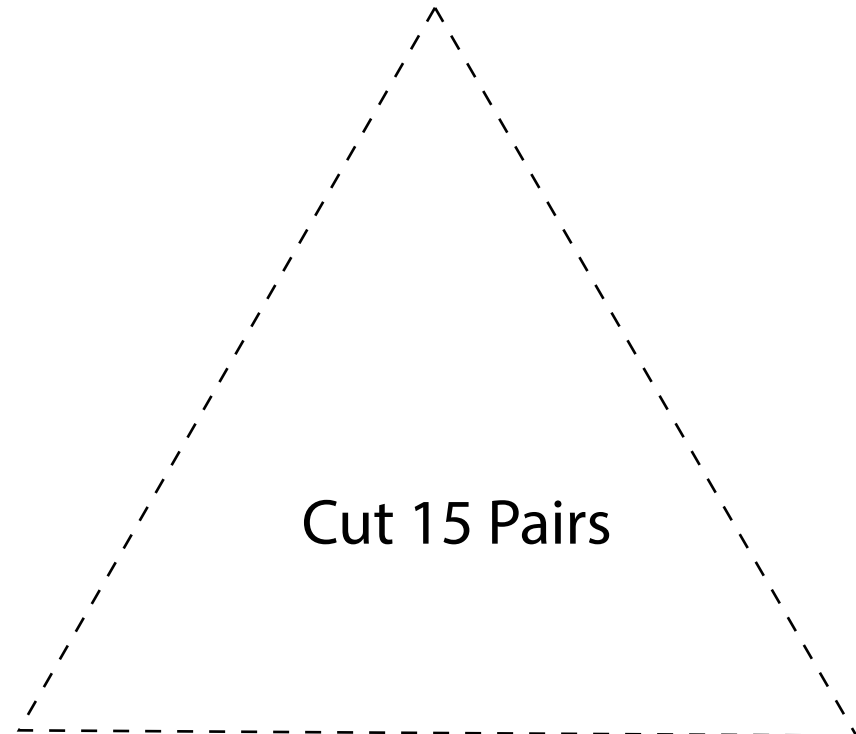

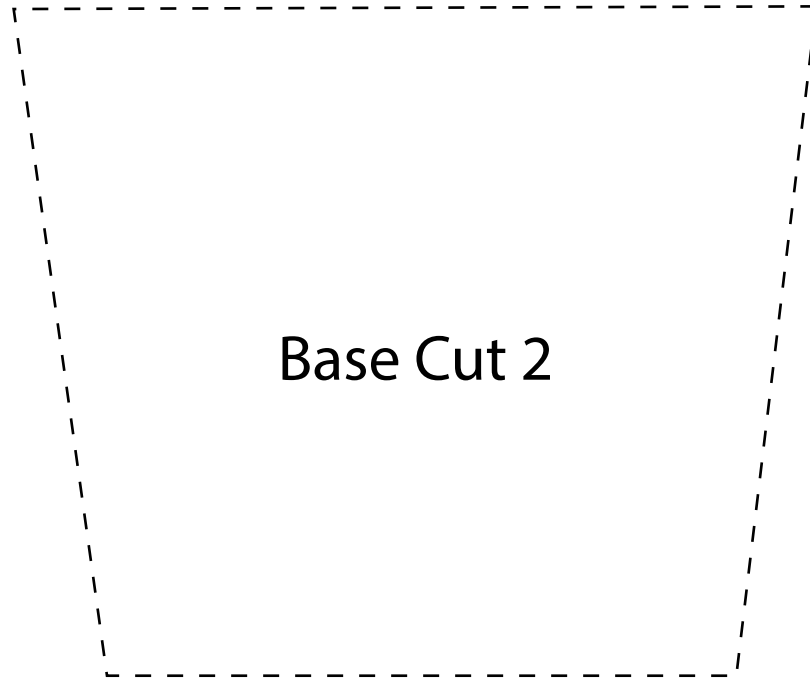

ASSEMBLING THE TREE

1. Lay out the triangles in a pleasing arrangement of five rows of varying numbers (see photo). Pin the corners together and sew a few stitches to hold the point to the adjacent triangle point.
2. Place the base centered below the triangle structure and sew adjacent corners to the lower triangle row. Note that the wider side of the base is the top.

FINISHING

1. Hand-stitch a jingle bell at each triangle junction.
TIP: Add a drop of glue under the bell after you finish sewing.
2. Fold the grosgrain ribbon in half, knot the ends together and stitch the hanging loop to the underside of the top triangle.
3. Tie a bow with the gingham ribbon and hand-stitch to the tree base. Trim the ribbon ends to the desired length at an angle.

This square should measure 1" x 1" (2.54cm x 2.54cm) when printed.

***** Measure templates before cutting to confirm printing at 100%*****
