Featuring Coats & Clark™ All-purpose thread

Your pup can get dressed for the occasion with this fun “Dapper Dog Collar”! Just use the collar and a bit of the yardage from an old man’s dress shirt, and your pup will be the star of the show!

MEASUREMENTS

The size of your men’s shirt will determine the size of the collar (neck size of the dog).

Men’s shirt neck is approx:

Small	14" (36cm)
Medium	15" (38cm)
Large	16" (41cm)
XL	17" (43cm).

Note: Measure your dog’s neck to determine the size of shirt needed to make the collar. The hook and loop closure will give some adjustability to the collar.

PREP THE SHIRTS:

Using a seam ripper, remove the collar and collar band from the shirt.

CUTTING

From pattern given on page 4 use either shirt fabric or quilting fabric:

Two ties
Two strips

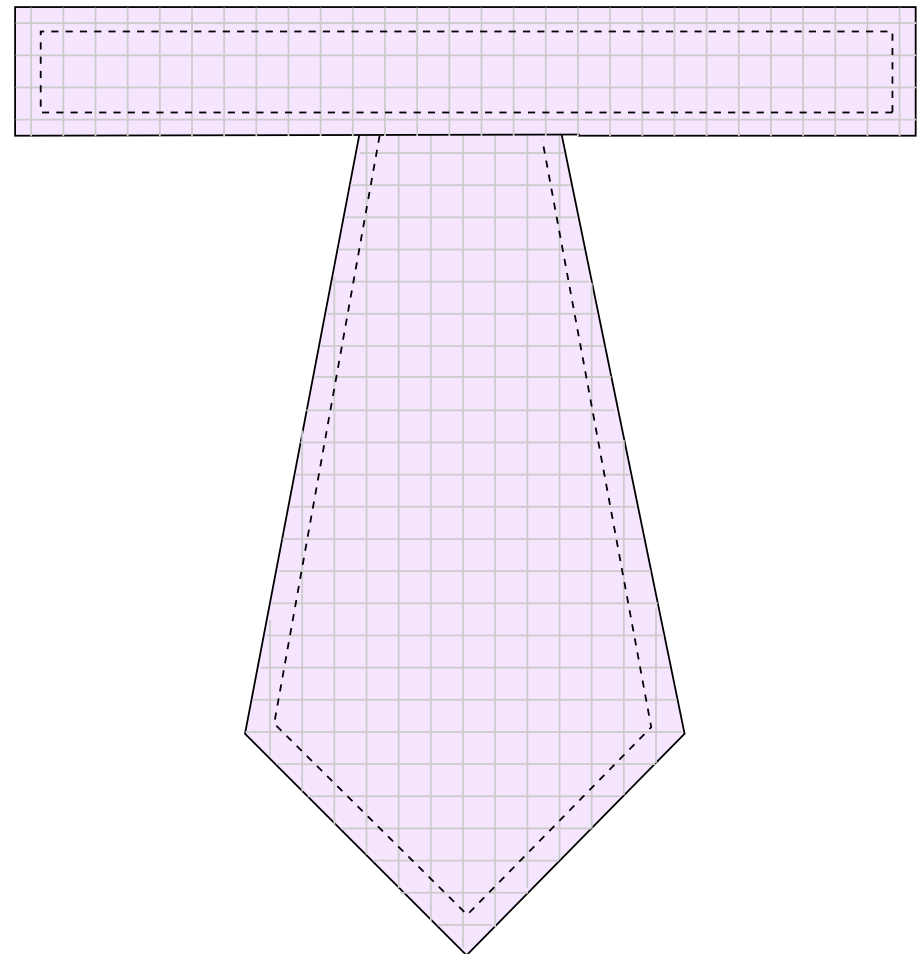

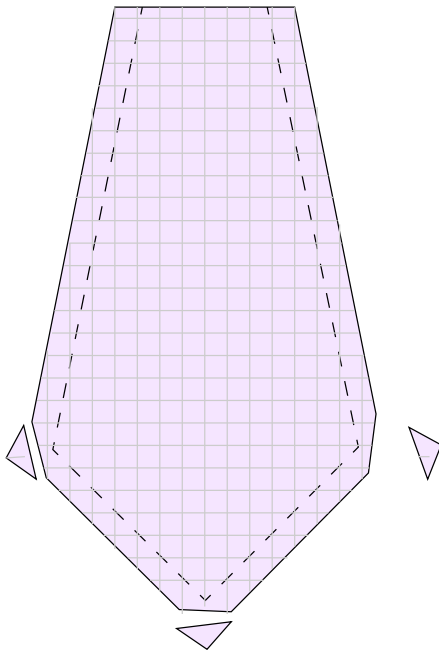

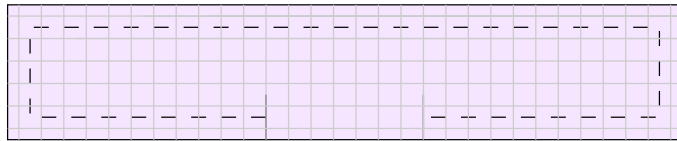

From fusible interfacing:

One from tie pattern
Cut hook and loop tape into two 2" (5cm) pieces

All seam allowances 1/4" (.5cm)

SEWING

1. Thread the sewing machine with Coats & Clark™ all-purpose thread.
2. Stitch the open bottom edge of the band closed.
3. Fuse the interfacing to one of the tie pieces.
4. Place the two tie pieces right sides together and stitch leaving the top open as indicated on the pattern.
5. Place the two strips right sides together and stitch as shown on the pattern, leaving the opening in the center to turn, and to later, insert the tie in.
6. Clip the corners and trim the edges with pinking shears.
7. Turn the tie and the strip right side out and press.
8. Topstitch the tie ¼" (.5cm) in from the edge leaving the top open.
9. Insert the tie into the opening in the strip and pin. Topstitch all the way around the strip, securing the tie to the strip.

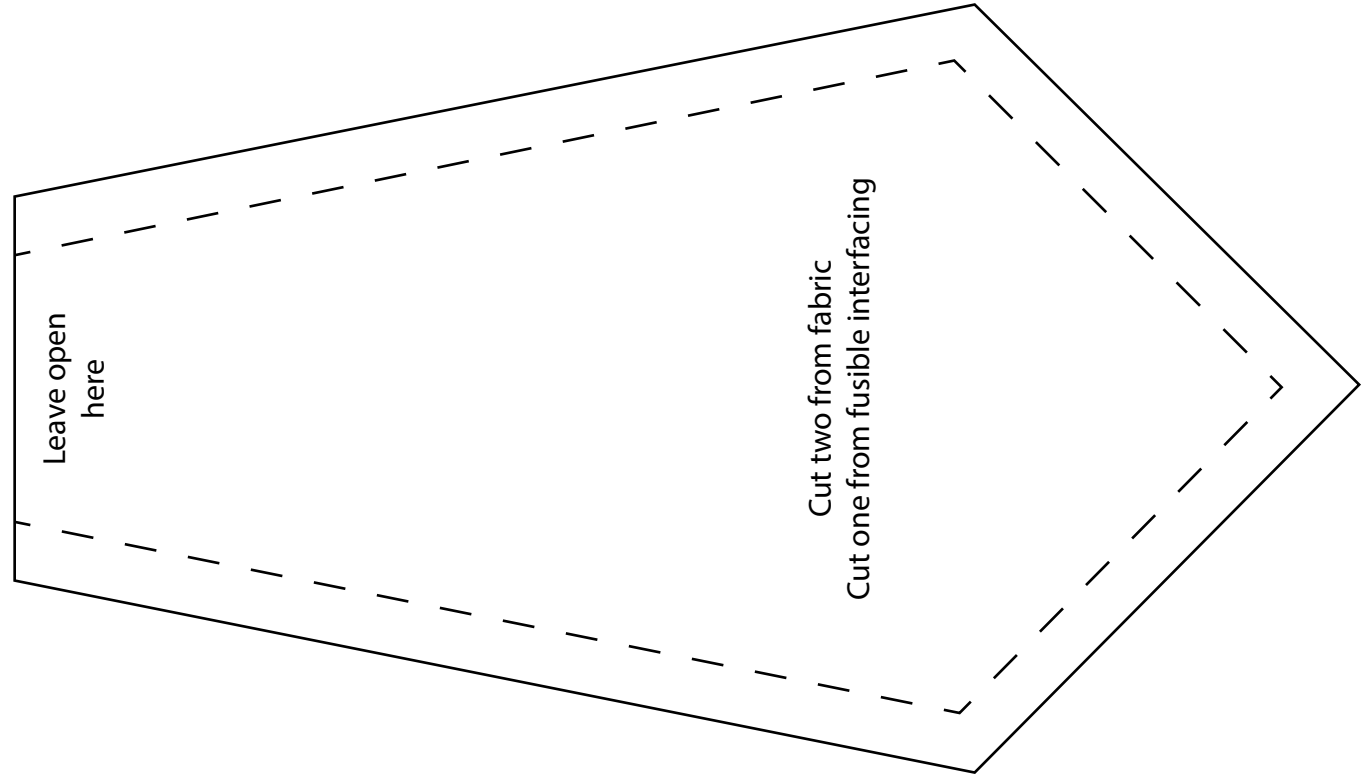

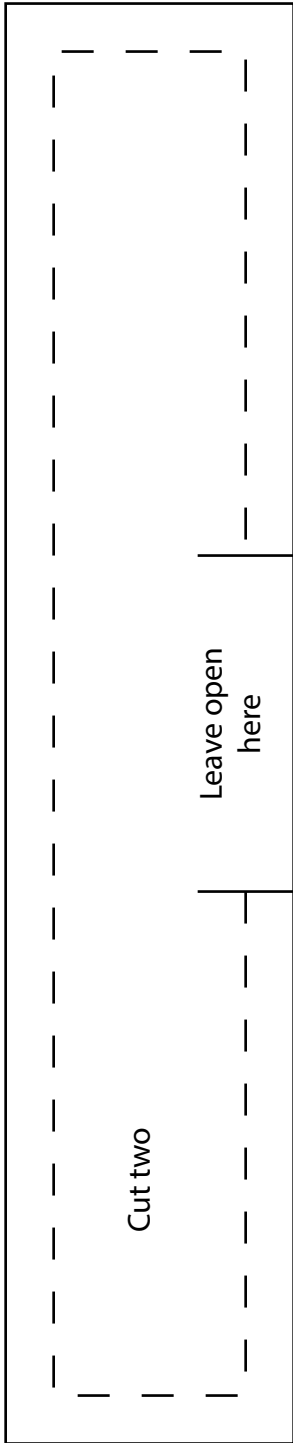

10. Remove the button from the collar.
11. Stitch loop side (the soft side) of the two hook and loop tape pieces to the right side of the shirt band.
12. Stitch the hook side of the hook and loop tape to the wrong side of the strip.

13. Attach your tie to your collar! The hook and loop tape make it adjustable.

Your pup is dressed, for any occasion!
