## Notes

- When working in Fair Isle technique, carry yarn not in use loosely across WS of work but never over more than 5 sts. When it must pass over more than 5 sts, weave it over and under color in use on next st or at center point of sts it passes over. The colors are never twisted around one another.
- When a color is finished being used in a section, cut it and carry on. Do not carry colors up the inside of work.
