LINING AND ZIPPER

Note: Contrasting thread has been used in photos to better show steps. When sewing your project, use co-ordinating thread to your lining fabric.

Cut fabric 10" [25.5 cm] wide by 11" [28 cm] long.

With RS of fabric facing up, pin zipper along top edge with RS facing up and edges aligned, centering zipper on fabric with extra length on each side.

Using Zipper foot, machine sew zipper along edge of zipper teeth.

Fold fabric so that right sides are tog, and align opposite side edge of zipper to edge of fabric.

Sew along edge of zipper teeth as for other side.

Turn piece so RS of fabric is facing, and edgestitch along zipper teeth to prevent fabric from catching in zipper.

Turn piece so WS of fabric is showing, and pin side edges tog with zipper undone, making sure zipper head is in center and zipper is flat.

Insert lining into Clutch, with zipper open and pin into place along tope edge.

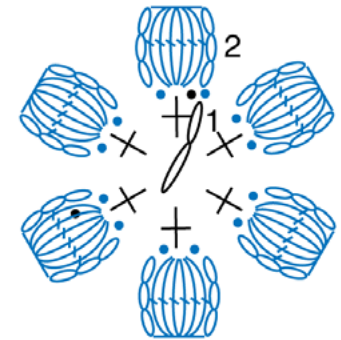

Continue around top edge to secure.

With needle and thread, sew lining into Clutch by catching yarn on WS of Motifs, and sewing into edge of zipper tape along inside.

Sew side edge with a ½" [1 cm] seam allowance, sewing over zipper at top. Trim end of zipper, approx ½" [1 cm] longer than side edge of fabric. Repeat on opposite side edge.
