Notes

1. In following rounds, you will be instructed to work around or skip a stitch "2 rounds below". A stitch "2 rounds below" is in the round numbered 2 less than the round currently being made. For example, if you are working Round 3, a stitch "2 rounds below" is in Round 3 - 2 = Round 1.
2. Always skip the stitch "behind" a post stitch. The stitch "behind" a post stitch is in the round you would usually have worked into.
3. When instructed to work in next stitch, but not "2 rounds below", work into the next stitch of the previous round (that you would usually work into).
4. Refer to the stitch diagram to clarify the post stitch pattern.

Round 3 (right side): Ch 2, skip first Fpdc 2 rounds below, Fptr around 2nd Fpdc 2 rounds below, hdc in next st (of previous round), working in front of last Fptr made, Fptr around skipped (first) Fpdc 2 rounds below, *hdc in next 3 sts, skip next Fpdc 2 rounds below, Fptr around next Fpdc 2 rounds below, hdc in next st, working in front of last Fptr made, Fptr around skipped Fpdc 2 rounds below; repeat from * to last 2 sts, hdc in last 2 sts, turn; join with slip st in top of beginning ch-2, turn—32 hdc and 16 Fptr.
