### SPECIAL TECHNIQUE

#### Broomstick Lace

Broomstick Lace is worked with the right side facing at all times. Do not turn work at the beginning of Broomstick Lace rows. Broomstick Lace is made in two passes. In the first pass, loops are picked up across a row of crochet and placed on the needle. In the second pass, the loops are grouped and worked off of the needle.

**Row 1 (first pass – pick up loops):** Holding needle in left hand, place last loop of last st on needle. Working from left to right, \*insert hook in next st, pull up a loop, place on needle; rep from \* across.

**Row 2 (second pass – work off loops):** Insert hook in number of loops indicated, holding loops together as one, yarn over and loosely pull up a loop, ch 3, (counts as first dc), work number of dc indicated in same set of loops; \*inserting hook in next group of loops as indicated, work number of dc indicated in same set of loops; repeat from \* across.

#### NOTE

Scarf is worked with right side facing at all times, do not turn between rows.
