

Learn Your Stitches Scarf

Here's the perfect scarf for learning all the basic crochet stitches...or for reviewing the stitches if you haven't done them in a while. Using this amazing multi-shaded yarn means you create a scarf that looks advanced, but is really beginner level in difficulty.

Designed by Jo'Elle Galo.

Scarf measures 50" long x 7¼" wide.

Red Heart® Boutique™ Unforgettable™: 2 skeins 3945 Parrot.

Crochet Hook: 6.0mm [US J-10].
3 Stitch markers (2 matching markers, 1 unique marker),
yarn needle.

GAUGE: 14 sc = 4". **CHECK YOUR GAUGE.** Use any size hook to obtain gauge.

NOTES: The main body of the scarf is worked from the center out. It is worked in the round, with increases at each end. Move stitch markers up to the next row as work progresses.

Stitches and Abbreviations Used

Yarn over (yo): Wrap the yarn from back to front over the hook (or hold the yarn still and maneuver the hook). This movement of the yarn over the hook is used over and over again in crochet.

Chain (ch)

Start with a slip knot on the hook. Yarn over and pull the yarn through the loop already on the hook to form a new loop. Be careful not to tighten the previous loop.

Repeat to form the number of chains specified in the instructions. Do not count the slip knot as a stitch. When working into the starting chain, you may work under one or two strands of chain loops as shown in the illustration. Either of these methods forms an even, firm bottom edge. Some people like to work into the "bump" on the back of the chain. This forms an even, stretchy bottom edge that is ideal for garments. Whichever method of working into the foundation you choose, be consistent. Work all the pieces of a project in the same manner.

Slip Stitch (slip st)

Insert the hook into the work. Yarn over and pull the yarn through both the work and the loop on the hook in one movement.

Single Crochet (sc)

Insert the hook into the work (second chain from hook on the starting chain), yarn over and draw yarn through the work only.

Yarn over again and pull the yarn through both loops on the hook. One sc made.

Half Double Crochet (hdc):

Yarn over and insert the hook into the work (third chain from hook on the starting chain).

Yarn over and draw through the work only.

Yarn over again and pull yarn through all three loops on the hook.

One hdc made.

Double Crochet (dc)

Yarn over and insert the hook into the work (fourth chain from hook on starting chain).

Yarn over and draw yarn through the work only.

Yarn over and pull yarn through the first two loops only on the hook.

Yarn over and pull yarn through the last two loops on the hook.

One dc made.

Shell

The shell stitch in this pattern is worked around the outside edge of the scarf after the last row of double crochet. 5 double crochets in one stitch equals a shell. The next stitch is skipped. A single crochet is worked in the next stitch then the next stitch is skipped. This series of stitches is repeated all the way around the scarf. The stitch before and after the shell is skipped to leave some room for the 5 stitches to fan out and become rounded. The single crochet is a smaller stitch than the double crochet so it draws the end of the shell down and helps to give the shell shape. A shell is used as a universal term for this type of

shape in a pattern. The actual stitches can change but the beginning of the pattern will have instructions as to which combination of stitches to use.
