Special Stitch

reverse sc (reverse single crochet) = Work single crochet in opposite direction from which you would usually work (left to right if you are right-handed, and right to left if you are left-handed). This stitch is also known as crab stitch. It creates a rope-like twisted single crochet edging.

Notes

1. Jumper is made in 3 pieces: Front collar, back collar, and skirt.
2. The front collar is worked back and forth in rows. Increases are worked in two locations to form corners. Stitches before the first corner and following the 2nd corner form the straps. Stitches between the corners form the upper front of the Jumper. The back collar is worked the same as the front collar, except with longer straps.
3. The skirt is worked in joined rounds, beginning by working across the lower edges (between corners) of the front and back collar.
