SHOP KIT

Name Train

A personalized train is a super way to make a kid feel special! Crochet the engine, then all the letters in his or her name. Colors can be customized to the décor of the child's room. Great for learning your letters and how to spell your own name.

Each letter and train engine measures about 6" [15 cm] tall.

Special Stitches

Bpdc (back post double crochet) =

Yarn over, insert hook from back side of work to front and to back again around the post of indicated stitch; yarn over and pull up a loop (3 loops on hook), [yarn over and draw through 2 loops on hook] twice. Skip the stitch "in front of" the Bpdc.

dc-spike (double crochet spike stitch) =

Yarn over, insert hook in indicated stitch or space in row/round below and pull up a loop to the height of the current row, [yarn over and draw through 2 loops on hook] twice.

Fsc (Foundation single crochet) =

*Insert hook in "chain" of previous stitch and draw up a loop, yarn over, draw through 1 loop on hook (the "chain"), yarn over and draw through both loops on hook; repeat from * for indicated number of stitches. **Note:** This method adds foundation single crochet stitches to the end of a row. A foundation single crochet consists of a base chain and a single crochet worked at the same time.

Fpdc (Front post double crochet) =

Yarn over, insert hook from front side of work to back and to front again around post of indicated stitch, yarn over and pull up a loop (3 loops on hook), [yarn over and draw through 2 loops on hook] twice. Skip the stitch "behind" the Fpdc.

Join with sc (join with single crochet) =

Place a slip knot on hook, insert hook in indicated stitch, yarn over and draw up a loop, yarn over and draw through both loops on hook.

sc2tog (single crochet 2 stitches together) =

[Insert hook in next stitch, yarn over and pull up a loop] twice, yarn over and draw through all 3 loops on hook.

Special Technique

Adjustable-ring = Wrap yarn into a ring, ensuring that the tail falls behind the working yarn. Grip ring and tail between middle finger and thumb. Insert hook through center of ring, yarn over (with working yarn) and draw up a loop. Work stitches of first round in the ring. After the first round of stitches is worked, pull gently on tail to tighten ring.

Notes

1. Each letter can be worked by following the written instructions or the stitch diagram.
2. Each letter is made from two identical pieces, front and back, and long narrow side piece(s). The side pieces are slip stitched to the edges of the front and back pieces. Letters are stuffed before final edge(s) of side pieces are slip stitched to the back.
3. Row numbers in written instructions correspond to row numbers shown in the stitch diagrams
4. Use any colors desired to crochet letters.
5. Train engine is worked in pieces that are sewn together.

FINISHING LETTERS

For letters C, E, F, G, H, I, J, K, L, M, N, S, T, U, V, W, X, Y, and Z make 1 side piece long enough to wrap all the way around the entire outer edge of front.

For letters A, D, O, P, Q, and R make 2 side pieces, one long enough to wrap around the edge of the inner opening and one long enough to wrap around the entire outer edge of front.

For letter B make 3 side pieces, one long enough to wrap around the edge of each of the two inner openings and one long enough to wrap around the entire outer edge of front.

Side Piece(s)

Before beginning, wind a long length of yarn into a separate ball. This ball will be used later to slip stitch the side piece to the side edges of the front and back. Ch 6.

Row 1: Sc in 2nd ch from hook and in each ch across—5 sc.

Row 2: Ch 1, turn, sc in each st across. Repeat Row 2 until piece is long enough to wrap around desired edge of front. Do not fasten off. Rows can be added or removed as the side piece is attached to the front.

Join Inner Side Piece(s) to Front

Notes: Join one side piece to each of any inner openings first. Then join a side piece all the way around the outer edges. Tuck ends to the inside of the letter as you work, to hide them.

Hold side edges of side piece and front together. With separate ball of yarn, wound before making the side piece, and working through both thicknesses, join yarn with slip st at beginning of side piece (do not begin at end of side piece that still has yarn attached), slip st all the way around edge to join side piece to front. Work more rows of sc or unravel extra rows of sc on the side piece as needed. When you return to the beginning, take the hook to the

wrong side of the piece and slip st the ends of the side piece together.

Fasten off.

Repeat this process to join the side piece to the back.

Stuff the letter as you join the side piece all the way around the outer edge of the back.

Weave in any remaining ends.

ABBREVIATIONS

A, B, C = Color A, Color B, Color C etc;
ch = chain; **sc** = single crochet; **st(s)** = stitch(es); **()** = work directions in parentheses into same st; **[]** = work directions in brackets the number of times specified; * = repeat whatever follows the * as indicated.
