Wreath Ornaments

*These knit wreath ornaments are perfect for
the tree or to use instead of a bow on your gifts.
Choose any shade of this jumbo yarn, make I-cord
and then braid it into a wreath.*

Ornament measures 5" (13 cm) in diameter.

Special Technique

I-cord = Cast on 2 sts, k2, * do not turn
work, slide both sts back to other end of
needle and place needle with stitches in left
hand. The yarn will be coming from the left
stitch. Pulling the yarn so that it is snug, knit
the two stitches from the left needle. Repeat
from * until I-cord measures indicated
length. Cut yarn leaving 12" (30.5 cm) tail.
Pull through both sts.

Notes

Ornaments are made by knitting long
I-cords which are then folded, braided and
sewn together.
One ball of yarn is enough to make 3
ornaments.

ORNAMENT

Make an I-cord 50" (127cm) long. Fold I-cord
into thirds. Clamp binder clip onto one end
(one fold + one loose end). Begin braiding
loosely, pulling out the loose end when it
becomes tangled. At the end, pull the loose
end through the loop created by the fold.
Sew through this end to secure using sewing
needle and thread. Remove binder clip and
sew through the end to secure.

FINISHING

Sew ends together forming a circle. Flatten
the wreath so the braid lays flat. Make a
bow with the ribbon and sew over the seam.

Hanging Loop

Sew one yarn end to back of ornament seam
to form a loop. Weave in other yarn end.

ABBREVIATIONS

k = knit; **st(s)** = stitch(es); **St st** =
