What you will need:

RED HEART® Loop-it™: 1 ball 441 Gray-vy

Sewing thread and needle

GAUGE: Gauge is not critical for this project.

7 JUMBO

RED HEART® Loop-It™, Art E884 available in 3.5 oz (100 g) 7.6 yr (7 m) balls

SHOP KIT

Finger Looping Wristers

You don't need to know how to knit to finger loop these warm wristers! You only need one ball of Loop-it yarn, making this a budget-friendly addition to your cold weather accessory collection. No needles or hooks needed!

Wrister measures 8½" [21.5 cm] circumference x 8" [20.5 cm] long.

NOTES
Begin work on a flat surface. Stitches are worked by pulling loops of yarn through a round of previous loops. Wristers are worked in continuous rounds with right side facing throughout.

WRISTER (make 2)
To create base round, start with a length of 13 loops.

Round 1 (Right Side): Working from right to left, pull loops of working yarn through first loop of base round loop working from back to front, to create a ring, continue to pull loops of working yarn through loops of base round until all loops have been worked – knit round formed.

Rounds 2-4: Working from right to left, pull loops of working yarn through loops of previous round loops working from back to front – 13 sts.

Shape Thumb Hole
Note: Thumb Hole is worked in rows.
Row 5 (thumb hole): Without turning work and working from left to right, pull loops of working yarn through loops of previous round loops working from back to front. Do Not Turn.
Row 6: Without turning work and working from right to left, pull loops of working yarn through loops of previous round loops working from back to front. Do Not Turn.

Shape Wrister
Note: Remainder of Wrister is worked in rounds.
Rounds 7-8: Working from right to left, pull loops of working yarn through loops of previous row/round loops working from back to front – 13 sts.

Bind off
Working across, pull the first two loops of working yarn through first 2 loops of previous row, pull the second loop just worked through the first loop, pull a third loop of working yarn through next stitch, pull that loop through the previous loop. Continue in this manner across the row until all stitches have been secured. Pull end through last loop.

FINISHING
Weave in ends. (You can tack ends down with sewing thread to help camouflage them in the back of the work).

ABBREVIATIONS
cm = centimeters; **st(s)** = stitch(es).
