Sassy Hand Chain Scarf

Rather than knitting or crocheting ruffled Boutique Sashay yarn, you can make a chain with your hands and have a totally new look! No special skill needed. Complete a scarf while watching just one television show!

Scarf measures 110" (279cm) long in circumference

NOTES

The finished measurement of the scarf will vary depending on the tension of each chain.

You can adjust the chains by using two or three fingers as a guide. The chains can be the same size throughout or the size of the chain may vary for a unique look.

The scarf can be left long allowing it to be worn as desired or wrap ends around an assembled scarf and tie off as described below.

SCARF

Start with a slip knot leaving a 5" (13 cm) tail. Using two or three fingers (depending on size desired) pull through the loop making your first chain. Continue to pull through each chain loop until reach 5" (12.7) from the end. Tie off to secure.

FINISHING

Option 1:

Tie ends of scarf together to form a long circle allowing for versatility each time it is worn.

Option 2:

Assemble the scarf to desired shape. Using the two ends, tie a knot around the scarf in what will be the back neck area. Wrap the remaining yarn around the first knot a few more times and tie off. Weave in the ends under the wraps.
