SHOP KIT

BRACELET

Prepare cords

Cut one 36" [91.5 cm] length in each color.

Holding ends together and leaving a 6" [15 cm] tail, make a slip knot. Secure slip knot to fixed point.

Arrange single strands of cord in following order:

A, B, C, D, E

Knot cords

*Beginning at left edge with **A** and holding remaining cords together as one knot-bearing cord, tie Left Over Double Half Hitch. Repeat from * until section measures $\frac{3}{4}$ " [2 cm].

*With **B** as knotting cord and holding **A** with other colors as knot-bearing cord, tie Left Over Double Half Hitch. Repeat from * until section measures $\frac{3}{4}$ " [2 cm].

*With **C** as knotting cord and holding **B** with other colors as knot-bearing cord, tie Left Over Double Half Hitch. Repeat from * until section measures $\frac{3}{4}$ " [2 cm].

Continue as above, changing knotting cord to next color in sequence every $\frac{3}{4}$ " until bracelet measures 5½" [14 cm] from loop or to desired length, leaving 6" [15 cm] tail. Tie overhand knot to secure.

FINISHING

Braid 6" [15 cm] tails at each end and tie overhand knot to secure. Trim ends to same length.

Tie braided ends together with overhand knot or in a bow to secure.

ABBREVIATIONS

A, B, C, D, E = Color A, B, C, D, E; **[]** = work directions in brackets the number of times specified; ***** = repeat whatever follows the * as indicated.
