

### POMPOM

Follow the package instructions for assembly of the pom-pom maker. Take one side of the pom-pom maker and wrap yarn 40 times. Repeat with the other side. Match up both sides of pom-pom maker. Insert scissors between pieces on one side of the pom-pom maker and cut the yarn. Repeat cutting of yarn with the other side. Before releasing the pom-pom maker, take piece of non-stretchy yarn and guide it through pom-pom maker; tie a knot directly in the center of your wraps. Pull finished pom-pom out of pom-pom maker. Trim any uneven ends.

### Finishing

Attach the pom-pom to a gift bag or wrapped package with yarn. Tie some extra lengths of yarn below pom-pom if desired.

Susan Bates® Easy-Wrap Pom-pom Maker 3½” (or pom-pom maker of choice), scissors, 6” length of non-stretchy yarn.

**GAUGE:** Gauge is not important for this project.

### NOTES

This is a stretchy yarn that makes it easy to wrap gifts, but don't pull yarn too tight when making pom-poms.

These instructions presume you are using the Susan Bates® Easy-Wrap Pom-pom Maker.

One ball of Curly Q™ will make 35 pom-poms (depending on size).
