- Cut chenille stems into 15 pieces 4" (10cm) long. Use the point of your scissors or a large tapestry needle to make a tiny hole near one point of each leaf. Poke a 4" (10cm) chenille stem through the hole, with ½" on one side and 3½" (9cm) on the other side.

- Wrap the short section of the chenille stems around the tying cords of each pompom, attaching the leaf and stem near the center of the pompom.

- Wrap the long end of each chenille stem around a knitting needle or chopstick to form a tendril.

- Using tying cords, tie pompoms to ribbon, alternating colors and spacing them evenly. You'll be able to slide the pompoms along the ribbon to adjust spacing when the garland is complete.

- Trim tying cords close to knots.
