(85 g), 185 yd (169 m) balls

# NOEL All Wrapped up

Make your holiday sparkle this year with handcrafted messages throughout your home. If you are short on time, no worries because you can finish this craft in a flash.

## Note

This project is appropriate for children but adult supervision is strongly recommended if cutting with a utility knife is necessary.

## LETTERS

Tape beginning strand of yarn where desired on back of letter. Wrap yarn around letter until piece is completely covered and desired fullness is achieved. For best results, change direction of wrapping frequently. The more random the wraps, the better the letter will look. Apply glue to keep yarn in place as needed.

Cut yarn and thread end tail through wraps. Apply glue to secure.

**Optional:** For more a more stable piece, place each letter on a heavy cardboard or foam core board and draw around bottom edge. With scissors or utility knife, carefully cut out cardboard or foam core board base. Glue base to bottom of letter, allow to dry.
