Nail Art Wreath Plaque

Use your craftiness to make a festive wreath art plaque that will be enjoyed this year and for years to come!

Plaque measures 9" x 12" (23 x 30.5 cm).

Note

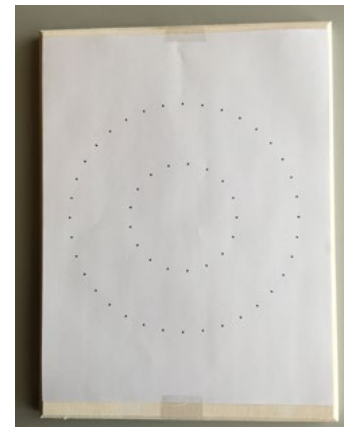

This project is appropriate for older children but adult supervision is strongly recommended when working with hand drill and hammer.

PLAQUE

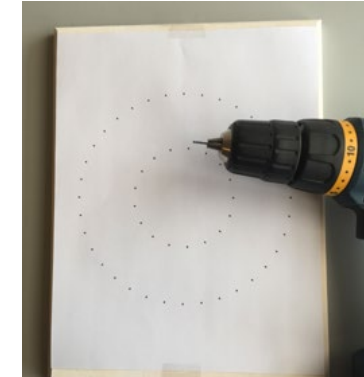

Step 1: Paint plaque, if desired. Model was painted with acrylic craft paint thinned with water for a whitewashed appearance. Allow to dry completely before proceeding.

Step 2: Print wreath template. Center template on plaque and tape in place.

Step 3: For best results, pre-drill holes. With a small drill bit, drill through template into plaque at each dot on template. When all holes are drilled, remove template.

Step 4: Tap a nail into each pre-drilled hole, leaving 1/2" (1.5 cm) of each nail exposed. If holes were not pre-drilled, nail through template into plaque, leaving 1/2" (1.5 cm) of each nail exposed. When all nails are inserted, tear off the template.

SHOP KIT

Step 5: Tie **A** to any nail. Wrap yarn around nails, winding back and forth between the inner ring and the outer ring.

Step 6: Continue wrapping until desired fullness is achieved. Tie yarn to any nail to finish off, cut and tuck in the end.

Step 7: Cut 11 strands of **B** measuring 18" (45.5 cm) long. Holding 10 strands together, form a bow. Wrap remaining strand around center of bow and tie a knot to secure. Pull tails to back of bow and do not trim. Trim ends of bow as desired.

Step 8: Position bow on wreath where desired. Tie in place with untrimmed tails.
