RED HEART® Scrubby Sparkle™, Art. E851 available in 3 oz (85 g), 174 yd (159 m) balls

Snowman Ornaments

Take a break from knit and crochet projects and do a simple yarn craft for a change of pace or to enjoy time with the kids. This pair of snowmen would add a note of sparkle and craftiness to your tree, the mantel, a holiday wreath or any room in your home.

Ornament measures 6" (15 cm) tall.

ORNAMENT

Head & Body

With a small kitchen knife, trim ½" (1.5 cm) off the bottom of the larger ball (body) so the snowman will stand.

Optional: Trim ¼" (.5 cm) off the top of the smaller ball (head) so it is easier to glue the hat on the head.

Apply glue to the top and bottom of each ball. With **A**, place beginning tail of yarn in the glue at the top of the ball, and wrap yarn around evenly. Cut yarn, apply glue to end tail, and secure in place. Allow glue to dry thoroughly before handling.

Apply glue to one end of a toothpick and insert it halfway into the center top of the larger ball. Apply glue to the ball around the toothpick. Center the bottom, rounded end of the smaller ball on the toothpick and carefully push in place until both balls are touching.

Hat

From the construction paper, cut a circle measuring 2" (5 cm) in diameter for the brim and a strip measuring 1¼" x 4" (3 x 10 cm) for the crown.

Apply glue to one end of the strip and overlap ends by ¼" (.5 cm). Apply glue to the bottom edge of the crown and adhere to the center of the brim. Allow to dry thoroughly.

Apply several rows of glue up and down the crown. Wrap **B** around the crown; cut yarn at the back of the hat, apply glue to end tail, and secure in place.

Apply a row of glue at the bottom of the crown close to the brim. Wrap **C** around twice; cut yarn at the back of the hat, apply glue to end tail, and secure in place.

Glue the hat to the top of the head.

Nose

Add glue to half of a toothpick. Wrap **C** around the glued half and allow to dry thoroughly. Trim loose ends and push the plain end of the toothpick into the middle of the head.

Eyes

Apply glue to 2 buttons and place on head above nose.

Belly Buttons (make 2)

Cut two 1" (2.5 cm) pieces of **B**. Form each piece into a small circle and glue to the front of the larger ball. Glue a button over each circle.

Scarf

Cut five 12" (30.5 cm) pieces of **D**. Apply glue around the neck of the snowman. Holding all 5 strands together, wrap scarf around the neck and tie a loose knot on the left side of the neck. Trim ends to the desired length.
