

Scrap Wrapped Holiday Balls

Here's a way to bring yarn into your holiday decorating without having to spend much time.... and the results are stunning. Use colorful balls wrapped in whatever colors you desire and display them on the tree, in containers or in bowls. Use this idea with other yarn colors all through the year.

Designed By Red Heart Design Team.

RED HEART® Super Saver®: 1 skein each 319 Cherry Red, 368 Paddy Green, 324 Bright Yellow, 885 Delft Blue and 512 Turqua.

Vase measures: 16" high x 8" diameter
Twenty-one - 1½", nine - 2½" and three - 3½" Styrofoam® balls, straight pins and glue (optional).

NOTE

This project is great for decorating and gives you the opportunity to use your scrap yarn. One skein will make several colorful decorations. Use balls in glass containers or bowls, or hang them on the tree.

BALL

Start by attaching yarn end to ball with straight pin. Begin wrapping the yarn around the ball. Ball will need to be turned several times in order to keep it round. Once you have fully covered the ball, cut the yarn from the skein and weave end under previous wraps.

Repeat this process until all balls are completed. Place all of the decorations into the vase and arrange to your satisfaction.

To add a hanging loop, cut 5" length of yarn and attach both ends to ball with a straight pin. Add a dot of glue to secure
