CRAFT | SKILL LEVEL: EASY

MEASUREMENTS

Approx 4½" x 8" (11.5 x 20.5 cm).

INSTRUCTIONS

Note: 1 Super Craft Kit contains enough yarn to make all 3 Mug Rugs. Amounts below are for all 3 Mug Rugs.

1. Transfer the design to fabric, ensuring pattern is sized to 4½" x 8" [11.5 x 20.5 cm]. (See below for two methods) *See pages 3 to 5 for templates.*
2. Place the fabric in 10" [25.5 cm] Anchor® Embroidery Hoop.
3. Thread the punch needle following the package instructions. It should move freely through the barrel of the needle.
4. Keep in mind that the loop side of your project will be the reverse of what you have traced.
5. Set punch needle to D setting. Start with the main outline of the design then move to the smaller details following colors indicated on diagrams.
6. Keep slack on the yarn as you punch so that the yarn will stay in the cloth. If you have too much tension on the yarn it will pull back up as you pull up your needle for the next punch.
7. Keep the opening (eye) of the needle facing the direction you are punching.
8. Be sure to punch the needle all the way down until the handle touches the foundation cloth.
9. **Do not** lift the needle too high out of your cloth in between punches. Again, the tension will pull up the prior stitches. Drag the needle across the cloth to the next punch.
10. Once complete, trim excess fabric around Mug Rug, leaving a ½" [1.5 cm] border.
11. Using hot glue, fold the edges to back of work and glue in place around inside of hoop.
12. Glue piece of felt to back of Mug Rug.

HERE ARE TWO METHODS FOR TRANSFERRING THE PATTERN

Light box or source

1. Place the printed pattern on a light box or tape to a window—the sunnier outside it is, the better.
2. Center the cloth over the pattern and tape or hold in place.
3. Trace pattern onto cloth with pencil or felt tip marker.

IN HOOP METHOD

1. Cut out the pattern.
2. Center and tape the pattern to the inside of the hoop.
3. Trace pattern onto cloth with pencil or felt tip marker. Remove pattern.
