INSTRUCTIONS

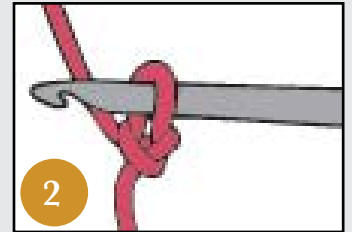

- When joining colors, work to last 2 loops on hook of first color. Draw new color through last 2 loops and proceed.
- When joining a new color, leave a tail approximately 4 inches [10 centimeters] long to ensure you are left with enough yarn to weave in your end.

With A, chain 30.

SLIP KNOT

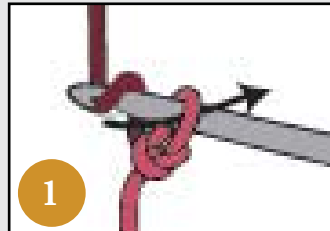

1 Make a loop, then hook another loop through it.

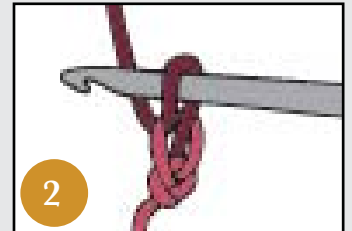

2 Tighten gently and slide the knot up to the hook.

CHAIN STITCH

1 Yarn over hook (yoh) and draw the yarn through to form a new loop without tightening up the previous one.

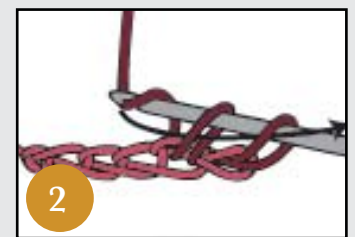

2 Repeat to form as many chains (ch) as required. Do not count the slip knot as a stitch.

1st row: 1 single crochet in 2nd chain from hook. *Chain 1. Miss next chain. 1 single crochet in next chain. Repeat from * to end of chain. Turn. (You should have 15 single crochet and 14 chain-1 spaces at end of row).

SINGLE CROCHET

1 Insert the hook into the work (2nd chain (ch) from hook on starting chain), *yarn over hook (yoh) and draw yarn through the work only.

2 Yarn over hook (yoh) again and draw the yarn through both loops on the hook.

1 single crochet (sc) made. Insert hook into next stitch: repeat (rep) from * in step 1.

2nd row: Chain 1. 1 single crochet in first single crochet. *1 single crochet in next chain 1 space. Chain (ch) 1. Miss next chain. Repeat from * 10 times more. 1 single crochet in next chain 1 space. 1 single crochet in last single crochet. Join B (see note). Turn. (You should have 16 single crochet and 13 chain-1 spaces at end of row).

3rd row: With B, ch 1. 1 single crochet (sc) in first sc. *Ch 1. Miss next sc. 1 sc in next chain 1 space (ch-1 sp). Repeat (rep) from * to last 2 stitches. Ch 1. Miss next sc. 1 sc in last sc. Turn. (You should have 15 sc and 14 ch-1 spaces at end of row).

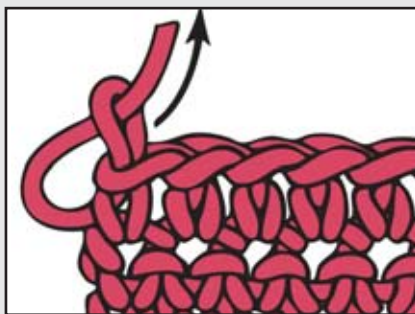

4th row: As 2nd row. Join A (see note). Turn.

5th row: With A, as 3rd row.

Repeat 2nd to 5th rows for pattern until work from beginning measures 8 inches [20.5 centimeters], ending with 2 rows of either color.

Fasten off.

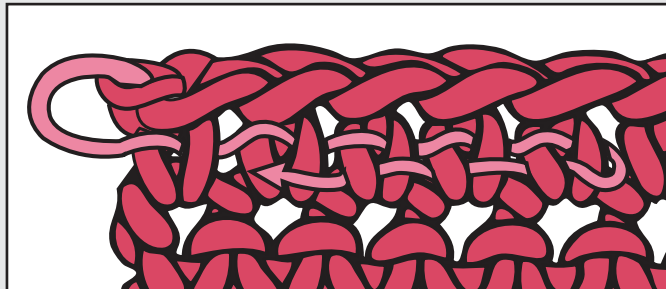

FASTEN OFF

Fasten off by cutting working yarn approx 6 inches [15 centimeters] long and draw this end through last loop. Pull tightly to secure.

Weave in ends.

WEAVING IN ENDS

Thread yarn through a blunt tip large eye needle and make small alternating stitches along the wrong side edge of your work. After you have worked about 2 inches [5 centimeters] in one direction, turn and work backwards alternating over the spaces you just worked. Now you can safely cut the end.
